## DEDICATION

SELECTMAN JOHN SARETTE

Veterans of foreign Wars, American Legion and Chair of the Board of Directors of the Boot Scootin' Boomers; a musical entertainment group that plays for charity.

In 1954, John married Sara Ann Turney in Long Beach, CA. and settled in Goffstown, raising five daughters and three sons, which has grown over the years to include 24 grandchildren as well as numerous nephews, nieces, and cousins.

John Sarette was the consummate public servant, always involved, ever contributing to the community, always a friend to the Town and its people.

The Board of Selectmen dedicate the 2004 Annual Report to their colleague for his many years of devoted and reliable service to the community of Goffstown and its residents.

Selectman John Sarette served the Town of Goffstown in various capacities for nearly 30 years. He was a Selectman for over 17 years retiring in 1995 and then being re-elected in 2003. John served as State Representative for several years as well.

A life long resident of this region and a resident of Goffstown since 1957, John served 40 years with the U.S. Navy and Naval Reserve and was a U.S. Navy veteran of the Korean War.

As a long time business owner in Pinardville, John also gave a life of service in civilian life in addition to his years as a Selectman. He was as a volunteer captain with the Goffstown Fire Department, an honorary Goffstown police officer and a NH Justice of the Peace. He contributed many hours as a member of several service organizations including Past Grand Knight, Knights of Columbus-Fourth Degree Knight, Optimist Club,

## TOWN INFORMATION

During King Phillip's War in 1734 Goffstown and West Manchester were designated as Narragansett No. 4, and used as shelter for officers and soldiers. The Town of Goffstown, incorporated 1761, is named for Colonel John Goffe, an early settler, soldier, and civic leader. Goffstown was originally a farming community. As the town was settled during the 1760's, the timber that was cleared was used in building ships. Oxen drew the wood to the village of Piscataquog and from there it was floated by raft to Newburyport, Massachusetts. The oxen route became known as Mast Road, now the main road through Goffstown.

Goffstown is located at 43°N and 71', 36°W in Hillsborough County nine miles west of Manchester on NH Route 114; north of Bedford on Route 114; east of New Boston on Route 13; south of Weare on Route 114. It is 16 miles to Concord, the state capital of New Hampshire. The town has three boroughs or regions: Goffstown Village, Grasmere Village and Pinardville.

The Town has a population of approximately 17,485(2003 OEP) and occupies approximately 36.9 square miles. Town Hall elevation is 306' above sea level, and the top of Mt. Uncanoonuc is 1321' above sea level.

**GOVERNMENT:** A five member Board of Selectmen governs Goffstown. Legislative policy, including passage of the Town Budget, is determined by the annual Town Meeting. The Town provides a full array of governmental services, library and recreational services. At the 1996 Annual Meeting residents passed RSA 40:13 changing the traditional town meeting to a ballot determination meeting followed by an official ballot.

The Town Hall is located at 16 Main Street. Town office hours are 8:30 am to 4:30 pm on Monday, Tuesday, and Friday; 8:30 am to noon on Wednesday; and 8:30 am to 6:00 pm on Thursday.

**TOWN CLERK:** Voter registration is with the Supervisors of the Checklist or Town Clerk. To register to vote, one must be 18 years of age, a U.S. citizen and a resident of Goffstown. New voter registrations for local, state and federal elections may be done at the polls on Election Day. For eligibility to vote at the Ballot Determination Meeting you must register 10 days prior to the date of the meeting. Absentee ballots are available to qualified voters for all elections.

Dog licenses expire on April 30 of each year. A dog must be licensed at three months of age; rabies certificate required. Fees are \$6.50 for neutered animals; \$9.00 if unaltered. A penalty of \$1.00 per month is assessed as of June 1 for unlicensed dogs.

Automobile registration is initiated at the office of the Town Clerk. Registration is due and renewable in the birth month of the resident owner. Re-registration decals are available from the Town Clerk for an additional fee of \$2.50. Plates for passenger vehicles, motorcycles, trailers and tractors are also available in this office. The Town is on-line with NH Division of Motor Vehicles to provide a full range of improved motor vehicle registration services, including

boat registrations. You must present your driver's license and your state issued renewal form, or previous registration.

**PROPERTY TAXES:** Goffstown collects property taxes semi-annually; payments are due at the Tax Collector's Office July 1 and December 1. Property is assessed as of April 1. A town-wide revaluation was completed in 2003. The tax rate for 2004 was \$21.78 per thousand dollars of assessed valuation.

**ZONING:** The Zoning Ordinance for the Town of Goffstown was originally adopted and made effective on March 14, 1961. The Ordinance regulates land use throughout the town.

**POLICE:** The Goffstown Police Department is located on Route 114 across from the State Prison for Women and adjacent to the Hillsborough County Nursing Home.

**PUBLIC WORKS:** The Public Works Department is located at 404 Elm Street adjacent to the Transfer Station facility. Curbside solid waste and recycling pickups are once a week. The Transfer Station for solid wastes and recyclables is located at 404 Elm Street, and is open to the public Tuesday through Saturday from 7:30 am to 3:00 pm. The Public Works Office is open Monday through Friday from 7:00 am to 3:30 pm.

**LIBRARY:** The Goffstown Public Library is located at the intersection of Main Street (Route 114), High Street and Elm Street adjacent to the historic Popcorn Stand. The library is open Monday, Tuesday and Wednesday from 9 a.m. to 8 p.m., Thursday from 9 a.m. to 6 p.m., Friday from 9 a.m. to 5 p.m. and 10 a.m. to 3 p.m. on Saturday during the school year. Check our web site at [www.goffstown.lib.nh.us](http://www.goffstown.lib.nh.us) for more information.

**PARKS & RECREATION DEPT.:** The Parks and Recreation Department, with an office at 155 Mast Street provides two supervised playgrounds with excellent summer programs, two public swimming pools, seven public tennis courts, athletic fields, a running track, and an outdoor ice-skating area, and a skateboard park. Extensive recreational activities for youth and adults are offered year-round.

**SCHOOL DISTRICT:** An elected nine-member School Board governs The Goffstown School District; the Annual School District Meeting determines its budget. At the 1996 Annual Meeting the residents passed RSA 40:13 changing the traditional school meeting to a ballot determination meeting followed by an official ballot. School Department offices are located in the White Building at 11 School Street in Goffstown Village. The Superintendent of Schools serves the school districts of Goffstown, Dunbarton and New Boston. In Goffstown, the public schools consist of two elementary schools, grades 1 - 4, Maple Avenue School in the Village and Bartlett School in Pinardville; one middle school, grades 5-8, Mountain View Middle School, 41 Lauren Lane in Goffstown; and one high school, grades 9-12, Goffstown High School, 27 Wallace Road in the Village, which accepts Dunbarton and New Boston tuition students.

## MEETING SCHEDULE

### **Board of Selectmen**

Every Monday at 6:00 PM unless posted otherwise. Meetings held in the Selectmen Meeting Room at Goffstown Town Hall.

### **Budget Committee**

Third Tuesday of the month at 7:00 PM at the Goffstown Town Hall.

## SELECTMEN ANNUAL REPORT

*L-R: Vice Chairman Bruce Hunter; Selectman Gossett McRae; Chairman Robert Wheeler; Selectman Philip D'Avanza; and Selectman Barbara Griffin.*

It is that time of year when we reflect upon the activities and events of the previous year. Last year the Board suffered the loss of our colleague and friend John Sarette, who served the Town of Goffstown for many years. He was a member of the Board of Selectmen when he passed away on August 17, 2004. His dedicated service to his community will live on.

Each year we set goals to achieve and then review our progress towards achieving those goals. During the past year the voters approved a single stream municipal curbside recycling program and the Public Works Department implemented the program very effectively. The program has been well received by the citizenry and it is estimated that Goffstown's recycling has increased from 17% to 28% with a savings of approximately \$130,000. It is hoped that the continued efforts in education and public awareness by the Solid Waste Commission and staff, that recycling will continue to increase.

In 2004 the town implemented Government Accounting Standards Board, Standard 34, (GASB34) which was a major revision in government accounting and reporting. In this annual report you will see a new report entitled Management Discussion and Analysis (MD&A). In addition to the Fund Financial Statements, new government-wide financials are now incorporated into the complete audit report for FYE 12/31/03. This annual report contains a portion of the new financial fund statements. Costs and space limitations prohibit printing of the full audit and footnotes. Our auditors have completed the annual audit for FYE 2003 and found the town to be GASB34 compliant. Please

contact the Finance Office if you would like to view or receive a copy of the full audit.

Last year's vote established a Charter Commission, which staff provided support to this year to assure that the statutory process was followed. The Charter Commission has completed their assignment and copies of their work can be found at any municipal building or at the town website [www.ci.goffstown.nh.us](http://www.ci.goffstown.nh.us). Voters will vote on the proposed Charter at the election on March 8<sup>th</sup>.

Keeping the town's website up-to-date has assisted in keeping residents informed of the activities of our boards and committees. The "Voters Guide" was published and distributed to each household in town and the response from the public was very positive. Unfortunately, the problems and delays digitizing GTV have interrupted live broadcasts to the community. New equipment and training should help get us back on track in 2005.

In an effort to control taxes, the Board of Selectmen made efforts to meet the challenge of increasing the industrial/commercial tax base. The result is that the commercial/industrial tax base increased by 1.14%. Goffstown's tax base is 80% residential, 11% commercial/industrial/utilities, and 9% exempt. Despite the increase in the tax base and the Board's attempt to keep a level tax rate, an increase was necessary due to the town meeting vote and department needs. The Board of Selectmen continues to assess department needs in conjunction with the taxpayers' ability to pay.

Ongoing efforts in 2005 will include the update of the Employee Wellness Policy, codification of the town ordinances, development of the Rails to Trails Project, completion of the Master Plan, review of employee compensation, and adoption of an Information Technology Plan.

The Selectmen thank the hardworking team of town employees who have helped in carrying out the Board of Selectmen goals and the mission given by the voters. We bid farewell to long time public works employees who retired in 2004 – Carole LaBrie, Leon Gagnon and Lucien Gagnon.

We recognize and thank the many volunteers who serve on town committees, commissions and boards. Your countless hours and efforts assist us in meeting the ever-increasing demands on municipal government. The Main Street Program volunteers are recognized for all their efforts in promoting Goffstown's community image. We welcome our new Main Street Director Cathy Ewing and wish her well.

This year's many accomplishments are attributed to the support of the Goffstown voters at the last town meeting. Thank you and we look forward to your continued support.

Gossett McRae

## REPORT OF THE NEW HAMPSHIRE SENATE TO THE TOWN OF GOFFSTOWN

Thank you for the opportunity to report to the residents of Goffstown from the New Hampshire State Senate.

The greatest accomplishment for me personally from last year was the passage of SB335, which gives adult adoptees access to their original birth certificates. This is a very important step that NH has taken to give adult adoptees the same rights that we all enjoy.

Today we convened to officially begin the 2005 Legislative Session. Some of the priorities I will be working on this year include the passage of a bill that will make it easier for law enforcement to crack down on excessive noise from vehicles, as well as finding a solution to education funding.

I will again serve as Chairman of the Senate Ways and Means Committee and Vice Chairman of the Capital Budget Committee. I have also retained my seat on the Senate Finance Committee.

I look forward to working on these issues with you. If you would like to discuss a particular piece of legislation with me or if I can be of help with a problem or concern, please do not hesitate to call me at my office, 271-2600, or write me at: State House, Rm. 117, Concord, NH 03301.

The entire community was saddened by the untimely passing of one of Goffstown's most distinguished citizens, John Sarette. John served as a town selectman for many years and was a great contributor in so many other ways. There was a tremendous outpouring of grief in the community and as a friend of John's and an admirer of the work that he did, I was both moved and gratified by the town's sympathy. Great communities depend on great efforts by the citizenry. John Sarette was a perfect example of this.

Respectfully submitted,

Lou D'Allesandro  
NH Senate, District 20

# **2005 WARRANT**

## **BALLOT DETERMINATION SESSION – FEBRUARY 9, 2005**

### **OFFICIAL BALLOT SESSION – MARCH 8, 2005**

To the inhabitants of the Town of Goffstown in the County of Hillsborough qualified to vote in Town affairs, and to the inhabitants of the School District in the Town of Goffstown, qualified to vote in School District affairs:

You are hereby notified to meet Wednesday, February 9, 2005 at seven o'clock in the evening at Goffstown Area High School in said Town for the first portion of Town Meeting, also known as the deliberative session, to act on the following subjects and determine matters which will then be voted upon by the official ballot on March 8, 2005. (Snow date is Thursday, February 10, 2005.)

You are further notified to meet March 8, 2005 to vote on all matters by official ballot. The polls will open on March 8, 2005 at 7:00 A.M. and close at 7:00 P.M. in the First District at the Goffstown Area High School and will open at 7:00 A.M. and close at 7:00 P.M. in the Fifth District at the Bartlett Elementary School.

#### **ARTICLE 1**

To choose all Town Officers, Trustees, Commissioners, and School District Officers for the ensuing year.

#### **ARTICLE 2**

Shall the town adopt Amendment #1 as proposed by the Planning Board, amending the Tables of Dimensional Regulations, combining the existing tables and including the regulation of multi-family housing by density and adding maximum allowed building footprints?

*Recommended by the Planning Board*

#### **ARTICLE 3**

Shall the town adopt Amendment #2 as proposed by the Planning Board, amending various requirements by making editing changes to sections relating to condominiums, accessory structures locations, modifying sign sizes and requirements, specifying shared parking requirements, deleting light projection permitting, updating manufactured homes and manufactured home park requirements, editing flood hazard districts requirements in conformance with flood hazard insurance requirements, editing deadlines as requested by the ZBA, and editing wetland definition, board membership, and impact fees in accordance with state law?

*Recommended by the Planning Board.*

### ARTICLE 4

Shall the town adopt Amendment #3 as proposed by the Planning Board, amending Sections 3.10, Table of Permitted Uses and Section 3.11, Table of Accessory Uses, and related provisions, combining uses and editing definitions for clarification?

*Recommended by the Planning Board.*

### ARTICLE 5

Shall the town adopt Amendment #4 as proposed by the Planning Board, amending the table of permitted uses so that industrial parks would no longer be a permitted use by Special Exception in the Agricultural (A) district?

*Recommended by the Planning Board.*

### ARTICLE 6

Shall the town adopt Amendment #5 as proposed by the Planning Board, establishing a new Commercial Industrial Flex Zone (CIFZ) district and its regulations, in accordance with the Route 114/114A Corridor Management Plan?

*Recommended by the Planning Board.*

### ARTICLE 7

Shall the town adopt Amendment #6 as proposed by the Planning Board, changing the zoning on various parcels to implement the Route 114/114A Corridor Management Plan by changing the zoning from Agricultural (A), Commercial (C) and Industrial (I) to the new Commercial Industrial Flex Zone (CIFZ) on properties between the Tatro Drive industrial area and Henry Bridge Road, on the following map/lots?

5/43	5/46	5/51A	6/33-1	6/42	26/1	26/5
5/44	5/47	5/52	6/40	6/43	26/2	26/7
5/44-1	5/49	5/53	6/41	6/44	26/2A	26/20
5/45	5/51	5/54	6/41A	6/45	26/3	26/24
5/58	5/48	5/49	5/49-1	26/6	26/6-2	26/22
5/47	5/56-1	5/56-4	26/8-1	26/10A	26/13	26/23
5/49	5/56-2	5/56-5	26/9	26/11	26/13A	26/24
5/56	5/56-3	5/562P	26/10	26/12	26/21	

*Recommended by the Planning Board.*

### ARTICLE 8

Shall the town adopt Amendment #7 as proposed by the Planning Board, changing the zoning from Industrial (I) to Agricultural (A), property fronts on Norman Road, on the following portion of a map/lot?

5/62M						
-------	--	--	--	--	--	--

*Recommended by the Planning Board.*

**ARTICLE 9**

Shall the town adopt Amendment #8 as proposed by the Planning Board, changing the zoning from Commercial (C) to Village Commercial (VC) located within the Goffstown village center, on the following maps/lots?

34/85	34/148	34/155			
-------	--------	--------	--	--	--

*Recommended by the Planning Board.*

**ARTICLE 10**

Shall the town adopt Amendment #9 as proposed by the Planning Board, changing the zoning from Industrial (I) to Village Commercial (VC) on the south side of Depot Street, within the Goffstown village center, on the following map/lots?

34/71	34/72	34/73			
-------	-------	-------	--	--	--

*Recommended by the Planning Board.*

**ARTICLE 11**

Shall the town adopt Amendment #10 as proposed by the Planning Board, changing the zoning from Industrial (I) to Commercial Industrial Flex Zone (CIFZ) along Depot Street and the Piscataquog River in Goffstown's village center, on the following map/lots?

34/75	34/76A	34/90	37/1	37/4	37/6
34/76	34/76B	34/94	37/3	37/5	37/7
34/95					

*Recommended by the Planning Board.*

**ARTICLE 12**

Shall the town adopt Amendment #11 as proposed by petition of the voters of Goffstown, to change the zoning on map 6, lot 47 (103 Center Street) from Residential-1 (R-1) and Agricultural (A) to Agricultural (A)?

*Submitted by petition. Recommended by the Planning Board.*

**ARTICLE 13**

Shall the town adopt Amendment #12 as proposed by petition of the voters of Goffstown, to change the zoning on map 5, lot 93 (92 Wallace Road) from Agricultural (A) to Residential-1 (R-1)?

*Submitted by petition. Not recommended by the Planning Board.*

**ARTICLE 14**

Shall the town adopt Amendment #13 as proposed by petition of the voters of Goffstown, to change the existing appointed 5-member Zoning Board of Adjustment (ZBA) to a 5-member elected board?

*Submitted by petition. Recommended by the Planning Board.*

## ARTICLE 15

Shall the town adopt the Planning Board Article to designate Prime Wetlands, a local option under RSA 482-A:15, as delineated by Town of Goffstown Prime Wetlands Study and Mapping by Vanasse Hangen Brustlin, Inc., and dated December 2004, and as recommended by the Goffstown Conservation Commission?

*Recommended by the Planning Board.*

## ARTICLE 16

To see if the Town will vote to raise and appropriate for the operation, expenses and commitments of the town government, the budget approved by the Budget Committee (and Board of Selectmen?) in the amount of sixteen million one hundred sixty one thousand five hundred fifty dollars (\$16,161,550).

This budget will be predicated by estimated revenues in the amount of seven million nine hundred and eighty one thousand nine hundred dollars (\$7,981,900).

The Sewer Enterprise Fund of two million ninety-seven thousand two hundred two dollars (\$2,097,202) is included in this revenue amount and in the appropriations request in this article.

The EMS Special Revenue Fund of two hundred two thousand six hundred ninety five dollars (\$202,695) is included in this revenue amount and in the appropriations request in this article.

The motion on the operating budget shall be the following, with only the appropriation amount subject to amendment: "Shall the Town of Goffstown raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling sixteen million one hundred sixty one thousand five hundred fifty dollars (\$16,161,550)? Should this article be defeated, the operating budget shall be fifteen million three hundred fifteen thousand five hundred thirty dollars (\$15,315,530), which is the same as last year, with certain adjustments required by previous action of the Town of Goffstown or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only." NOTE: This article (operating budget) does not include appropriations in any other warrant article.

*Recommended by Board of Selectmen and Budget Committee.*

## ARTICLE 17

To see if the Town will vote to raise and appropriate the sum of One Million Eight Hundred Sixty Five Thousand dollars (\$1,865,000) for the purpose of implementing the current phase of the road improvement plan. The road improvement plan has been part of the CIP process since 2002 and the annual appropriations for the plan have been approved as Special Articles since 2002. This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 16.)

*Recommended by Board of Selectmen and Budget Committee.*

ARTICLE 18

To see if the Town will vote to raise and appropriate Eighty Thousand Dollars (\$80,000) to be deposited into the Conservation Capital Reserve Fund which was established in 2003 pursuant to RSA 35:1 for the purpose of land acquisition, easements and/or land rights for conservation purposes. (This appropriation is in addition to Article 16.)

*Recommended by Board of Selectmen and Budget Committee.*

ARTICLE 19

To see if the Town will vote to raise and appropriate fifteen thousand dollars (\$15,000) for the purpose of funding the nonprofit Goffstown Main Street Program, Inc. (This appropriation is in addition to Article 16.)

*Recommended by Board of Selectmen and Budget Committee.*

ARTICLE 20

To see if the Town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of restoring the Grasmere Town Hall and to raise and appropriate the sum of One Hundred Thousand dollars (\$100,000) to be deposited in this fund. (This appropriation is in addition to Article 16.)

*Recommended by Board of Selectmen and Budget Committee.*

ARTICLE 21

To see if the Town will vote to appoint the Selectmen as agents to expend from the Grasmere Town Hall Capital Reserve Fund as provided by RSA 35:15.

*Presented by the Board of Selectmen.*

ARTICLE 22

“Shall the Town of Goffstown approve the new charter recommended by the charter commission?”

Copies of the proposed Charter can be found in its entirety at any municipal building or at the town’s website: [www.ci.goffstown.nh.us](http://www.ci.goffstown.nh.us). The following chart summarizes the current form of government and the major changes in the proposed charter.

	CURRENT	PROPOSED CHANGES
GOVERNING BODY	5 Selectmen	7 Councilors
LEGISLATIVE BODY	Voters at Deliberative & Official Ballot Sessions pursuant to NH RSA 40:13	Voters at a budgetary town meeting; Voters on official ballot for budgets and zoning; Councilors for all other issues.
ADMINISTRATION	Selectmen/Town Administrator	Town Manager
CEMETERY TRUSTEES	Elected	Appointed
ZBA	Appointed	Elected

BUDGET COMMITTEE	12 elected members	9 elected members
BOND PASSAGE	3/5 (60%) majority vote	2/3 (66%) majority vote
DEFAULT BUDGET	set by Board of Selectmen	set by Budget Committee
PETITIONS	All Petitions (Appropriation, Zoning, other): 25 registered voters	Appropriation, Zoning Petitions: 25 registered voters Initiative Petitions: 50 registered voters Referendum Petitions: 500 registered voters Recall Petitions: 250 registered voters

### ARTICLE 23

To see if the Town will vote to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,200. The \$1,200 limit on the excludable amount of remuneration paid in a calendar year for the services specified in this modification will be subject to adjustment for calendar years after 2002 to reflect changes in wages in the economy without any further modification of the agreement, with respect to such services performed during such calendar years, in accordance with Section 218(c)(8)(B) of the Social Security Act.

*Presented by the Board of Selectmen.*

### ARTICLE 24

To see if the Town will vote to authorize the Board of Selectmen to transfer ownership of approximately 20 acres of Map 5 Lot 14 to the Goffstown School District for the purpose of building a school on such terms and conditions as the Selectmen deem appropriate and to authorize the Selectmen to execute any and all documents to implement this conveyance.

*Presented by the Board of Selectmen.*

### ARTICLE 25

To see if the Town will vote to require the Board of Selectmen to obtain voter approval before granting any easement, license or other encumbrance on Town Owned property?

*Submitted by Petition.*

### ARTICLE 26

To see if the Town will vote to deposit 50% of the revenues collected pursuant to RSA 79-A (the land use change tax) in a conservation fund, established under RSA 36-A:5, in accordance with RSA 36-A:5 III as authorized by RSA 79-A:25 II, said funds to be used for conservation land and easement acquisition and costs associated therewith?

*Submitted by Petition.*

**ARTICLE 27**

To see if the Town will vote to reaffirm the practice of and to maintain the current Fire Based Emergency Medical Service (Ambulance) for the Town of Goffstown.

*Submitted by Petition.*

**ARTICLE 28**

To see if the Town will vote to direct the Board of Selectmen to prepare and present a plan that proposes 24 hour Fire and EMS staffing of at least one (1) fire station seven (7) days per week. This plan shall include the use of a system that utilizes full-time and call force employees working a regular work schedule not to exceed 45 hours per week. The proposed plan shall be all-inclusive and be presented as part of the Towns 2006 Budget process. The proposal shall have an effective date of July 1, 2006 as the start date of this staffing system.

*Submitted by Petition.*

**ARTICLE 29**

To see if the Town will vote to raise and appropriate the sum of money not to exceed Seven Hundred Thousand (\$700,000) Dollars to replace two (2) pieces of Emergency Fire Apparatus in the year 2005, and further direct the Board of Selectmen to enter into a multi-year purchasing agreement not to exceed five (5) years to complete the purchase of these vehicles. (This appropriation is in addition to Article 16.)

*Submitted by Petition.*

*Not Recommended by Selectmen or Budget Committee.*

**ARTICLE 30**

To hear the reports of Town Officers, Auditors and Committees and to pass any vote relating thereto.

**ARTICLE 31**

To transact any business that may legally come before said meeting.

Given under our Hands and Seal this 24<sup>th</sup> day of January 2005.

**GOFFSTOWN BOARD OF SELECTMEN**

Robert L. Wheeler, Chairman  
Bruce F. Hunter, Vice Chairman  
Gossett W. McRae

Barbara J. Griffin  
Philip A. D'Avanza

Then personally appeared the above named Robert L. Wheeler, Bruce F. Hunter, Philip A. D'Avanza, Barbara J. Griffin, and Gossett W. McRae, and under oath that the above certificate by them is true.

Donna Bergeron, Town Clerk

# 2004 TOWN BALLOT

## DETERMINATION MEETING

### Minutes of February 9, 2004

The 2004 Town Ballot Determination meeting took place in the Goffstown High School Auditorium on Wednesday evening, Feb. 4, 2004. Town Moderator Rodney Stark called the meeting to order at 7:05 p.m. (There were 97 voters present according to the checklist at 8 p.m.)

Moderator Stark called for the presentation of the colors, which were carried forward and presented by VFW Post #7015 Commander Russell Lauriat and Senior Vice Commander John Burton, and the Pledge of Allegiance was recited.

He next introduced the head tables - to his right, **Town Clerk Donna Bergeron, Town Scribe Marie Boyle, Assistant Town Moderator Gossett McRae;** and to his left, **the Board of Selectmen, Chairman Henry Boyle, Vice Chairman Barbara Griffin, Selectman Philip D'Avanza, Selectman John Sarette, Selectman Robert Wheeler; Town Administrator Sue Desruisseaux and Finance Director Janice O'Connell.**

Selectman Barbara Griffin made a presentation to Selectman Henry Boyle, who has announced that he will not be seeking re-election this year, after having served on the Board for ten years. On behalf of the Board of Selectmen, Selectman Griffin thanked him for his service, and also thanked his wife, Marie, and announced that tonight is the Boyles' 48th wedding anniversary. Selectman Griffin presented Mr. Boyle with a certificate of appreciation and a gift certificate from the selectmen; she also presented Mrs. Boyle with a bouquet of flowers. Selectman and Mrs. Boyle thanked everyone for their kindness. Mr. Boyle expressed his feeling that this is a great board of selectmen and said he couldn't have done all he has without the wonderful people who have worked with him over the years.

Moderator Stark next introduced Parks and Recreation Director Dave French for the presentation of the annual Cullerot/Robinson award. This year's nominees included Tammy Gagne, Real Fallu, Stephen Ellis, and Ken Moineau. This year's Cullerot/Robinson recipient was Jim Gallagher.

R. Stark - The first six articles will not be involved in tonight's discussion. Since a protest petition has been submitted for Article 5, it means that Article 5 must pass by a 2/3 majority vote on voting day in March. In 1996, the town of Goffstown adopted Senate Bill 2, the Standardized Official Ballot System, which replaced the former traditional town meeting system. All articles are now voted on by written ballot on town meeting day. Tonight, articles will be discussed and may be amended, but there will not be any votes taken on the articles themselves. Voting will take place on Tuesday, March 9.

Tonight we'll talk about articles 7 through 17 - any amendments offered will be discussed, debated and voted upon. If an amendment is adopted by this meeting, the article will appear on the ballot in March, as amended. Amendment

of appropriation articles is allowed, up or down, as long as they relate to the general subject of the article.

All amendments must be presented in writing to the moderator, moved to the floor and seconded before discussion can take place on them. Following discussion a vote will be taken on the amendment. There will be no final vote on the articles.

After an article has been discussed a voter may move the previous question - that means there will be no further discussion. A simple majority vote passes that. Five registered voters may request in writing that a vote be taken by secret, written ballot. A motion to reconsider can only be made by a person who has voted on the prevailing side.

**ARTICLE 7** - To see if the Town will vote to raise and appropriate the sum of five hundred seventy-eight thousand five hundred forty-one dollars (\$578,541) for the purpose of initiating a Municipal Curbside Recycling Program and to authorize the issuance of not more than Five Hundred Thirty-Three Thousand Eight Hundred dollars (\$533,800) of bonds or notes with bond-related fees in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) as amended; and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, the maturity and the other terms and provisions thereof, as may be in the best interests of the Town.

The bonded amount of five hundred thirty-three thousand eight hundred dollars (\$533,800) is for capital expenses including barrels, truck, 40' x 60' building, skid steer and attachments. The operating cost of forty-four thousand seven hundred forty-one dollars (\$44,741) includes employee wages/benefits, vehicle operating expenses, and recycling disposal fees. The operating costs will be raised by property taxes. It is anticipated that the savings generated from this program will cover the cost of the bond and at the end of the bond term will save the town an additional \$100,000 per year.

If this article passes, the Operating Budget, Article 8, will be reduced by sixty-nine thousand four hundred seventy-five dollars (\$69,475) which is equivalent to about four (4) months of the recycling contract.

(A 3/5 ballot vote is required) (This appropriation is in addition to Article 8).

*Recommended by the Board of Selectmen and the Budget Committee.*

Selectman Wheeler moved that the article be placed on the ballot as printed, motion was seconded by Selectman Boyle.

R. Wheeler said that Article 7 is a new concept - single-stream recycling - that this community has not embraced before. The work will be accomplished by people who work for the town and the net result will be a savings of about \$100,000 per year.

He explained that normally CIP items are not financed, but in this instance, what makes bonding attractive is, if this article passes we will be saving approximately \$100,000 per year from what we're doing now, with 20% recycling. And if we can improve on that 20%, we can do even better.

We started recycling a few years ago, but the costs for hiring the people in that business are very high. If we do it ourselves we can save that money, and if

we increase our recycling participation, that's even better because we won't have to pay as much for our trash disposal. The more we recycle, the less we have to haul and dump.

If this article passes, a deduction of \$69,475 will be taken from the Public Works' operating budget because the cost of four months' recycling contract will be eliminated. He also explained it takes a 60% vote for this article to pass since it's a bonding article.

Fred Plett, Chairman of the Solid Waste Commission added to Mr. Wheeler's statements. He said an additional reason to support this is the recycling barrel will not be an open bucket as it is now, but a wheeled barrel with a cover to protect it from animals and the elements like our trash barrels. Also we will not have to separate recyclables - just throw them all in together. He said actually, Goffstown's recycling participation level isn't 20%, it's only 17% and he'd like to see that double.

Carl Quiram, Director of Public Works noted that there's a cutaway of the new barrel out in the hall and urged everyone to check it when they go out into the hallway. There's also some information with it.

Larry Emerton lives at Medford Farms - he asked if the two pick-ups each week - one for trash and one for recycling - will be affected.

R. Wheeler said they would not.

Jim Beauchemin - If we increase to 40% recycling, what happens if we need another truck?

R. Wheeler - We may, but there would be such an avoidance of costs on the hauling and dumping of the solid waste it would more than offset the cost. Also, we have more than enough capacity to deal with more recycling than takes place now.

C. Quiram - It will be the same kind of truck we pick up our trash with now - we pick up the 80% of the trash that isn't recycled with that truck. If we can divert more of that waste into recycling we'll save even more money in the long run.

R. Stark asked if there were any further comments or questions on Article 7 - there were none.

(Article 7 will appear on the ballot as printed).

**ARTICLE 8** - To see if the Town will vote to raise and appropriate for the operation, expenses and commitments of the town government, the budget approved by the Budget Committee and the Board of Selectmen in the amount of fourteen million, eight hundred twenty-eight thousand nine hundred forty-nine dollars (\$14,828,949).

This budget will be predicated by estimated revenues in the amount of seven million one hundred fifty-nine thousand one hundred seventy dollars (\$7,159,170).

The Sewer Enterprise Fund of two million one hundred six thousand dollars (\$2,106,000) is included in this revenue amount and in the appropriations request in this article.

The EMS Special Revenue Fund of one hundred fifty-two thousand forty-four dollars (\$152,044) is included in this revenue amount and in the appropriations request in this article.

The motion on the operating budget shall be the following, with only the appropriation amount subject to amendment: "Shall the Town of Goffstown raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling fourteen million eight hundred twenty-eight thousand and nine hundred forty-nine dollars (\$14,828,949)? Should this article be defeated, the operating budget shall be fourteen million three hundred seventy-eight thousand two hundred dollars (\$14,378,200), which is the same as last year, with certain adjustments required by previous action of the Town of Goffstown or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only." NOTE: This article (operating budget) does not include appropriations in any other warrant article.

*Recommended by the Board of Selectmen and the Budget Committee.*

Selectman Boyle moved that Article 8 be placed on the ballot as printed, motion was seconded by Selectman Sarette.

H. Boyle - The breakdown for this budget is in the handout. The EMS special revenue fund (the ambulance fund) and the sewer enterprise fund are where the costs are paid for by the users. Also in the handout is the complete town budget and the budgets of the town departments. The articles that were put in by petition are not included in these budget figures.

Moderator - Are there any further questions or comments on the budget article? There were none.

(Article 8 will appear on the ballot as printed).

**ARTICLE 9** - To see if the town will vote to raise and appropriate the sum of One Million Eight Hundred Ten Thousand Four Hundred Ninety Dollars (\$1,810,490) for the road improvement plan, which was initiated two years ago. This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 8).

*Recommended by the Board of Selectmen and the Budget Committee.*

Selectman Sarette moved that Article 9 appear on the ballot as printed, motion was seconded by Selectman Griffin.

J. Sarette - This is the third year for this program. (He named the roads that have been reclaimed and repaired over the past two years). The program's goal is to rebuild roads, which are below the acceptable level and then maintain the acceptance level to reduce costly rebuilding of roads. So far about 126,000 sq. yards of pavement have been reclaimed.

R. Stark asked if there were any questions or comments about the road improvement plan - there were none.

(Article 9 will appear on the ballot as printed).

**ARTICLE 10** - To see if the town will vote to raise and appropriate Eighty Thousand Dollars (\$80,000) for the Conservation Capital Reserve Fund, which was established last year pursuant to RSA 35:1 for the purpose of land acquisition, easements and/or land rights for conservation purposes. (This appropriation is in addition to Article 8)

*Recommended by the Board of Selectmen and the Budget Committee.*

Selectman Griffin moved that Article 10 appear on the ballot as printed, motion was seconded by Selectman D'Avanza.

B. Griffin - This is the second year for this article. Last year Goffstown voters established a Conservation Capital Reserve Fund and put in \$80,000. This year a second \$80,000 is requested to protect open space, etc.

Land purchases require recommendations from the planning board and the Conservation Commission and a public hearing before the Board of Selectmen. There has not been any acquisition yet, but the Conservation Commission is working with several landowners on easements, etc.

Al Desruisseaux - I have a concern only because there are two articles that talk about conservation, articles 10 and 17. Are we talking about a separate fund in 17 or the same fund that's in 10?

B. Griffin - It's a separate fund and I'll be presenting that article too. This article has been presented by the selectmen and recommended by them and by the budget committee.

A. Desruisseaux - My concern is that if it becomes another fund for conservation - it will be two funds for conservation for land acquisition? (Answer was yes).

Collis Adams, Chairman of the Conservation Commission - I hope that people will support this. Goffstown lags behind its neighbors and most of the communities in southern NH. What gives Goffstown it's rural character - if we don't take effective and immediate steps to increase our efforts in this, we will see a number of residential developments, which will consume the open space and place even more burden on the taxpayer.

Kurt Lauer - Are there any restrictions on conservation land for use? If for example, ten years from now they have money built up and they need forty acres for a new school - can they use this money for that?

B. Griffin - It's my understanding that the answer would be no. It would be an issue to do with zoning. One of those will be coming before the planning board this week because of the land for the kindergarten.

K. Lauer - How about recreational fields and a school? Can we use that for school needs on conservation land?

B. Griffin - You'd have to ask Collis Adams.

C. Adams - It depends on the easement and how it's drafted. Typically it's only for passive recreation. However, if there's a particular parcel, which would lend itself because of soils, etc., the easement could allow those things.

R. Stark asked if there were any further comments or questions on Article 10 - there were none.

(Article 10 will appear on the ballot as printed).

**ARTICLE 11** - To see if the town will vote to raise and appropriate fifteen thousand dollars (\$15,000) for the purpose of funding the nonprofit Goffstown Main Street Program, Inc. for the year 2004. This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 8).

Selectman D'Avanza moved that Article 11 appear on the ballot as printed, motion was seconded by Selectman Boyle.

P. D'Avanza - The town has financially supported the Main Street program at this level for the past five years. Main Street's mission is to provide support, advice and promotion to current and potential business owners and residents of the designated Main Street area using the National Main Street Center's 4-point approach which revolves around principles of effective design, promotion, economic restructuring and organization as the keys to economic revitalization of historic downtowns. This is the fifth year - this is not the type of funding that's anticipated to go on forever. That's why it's a special article every year - it's not anticipated to be an annual expense.

R. Stark asked if there were any comments or questions on Article 11 - there were none.

(Article 11 will appear on the ballot as printed).

**ARTICLE 12** - To see if the Town will vote, pursuant to RSA 72:39 (a) and (b), to modify the elderly exemptions from property tax in the Town of Goffstown, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$25,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older, \$40,000. To qualify the person must satisfy all the conditions of RSA 72:39 (a) and (b) that pertain to eligibility for this exemption as well as those contained in any other applicable statute, including without limitation, that they demonstrate that they have been a New Hampshire resident for at least 5 consecutive years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income in each applicable age group of not more than \$18,500 or, if married, a combined net income of less than \$24,000; and own net assets, whether married or not, not in excess of \$35,000 excluding the value of the person's residence.

*Presented and recommended by the Board of Selectmen.*

Selectman Boyle moved that Article 12 be placed on the ballot as printed, motion was seconded by Selectman Griffin.

H. Boyle - This is an attempt to bring the elderly exemptions in line with current market values. The last time these figures were set was in 1997. Valuations have changed since then. Compared to other towns we will still be below the exemptions given by most of the surrounding towns. The qualifications for the new exemptions will be the same as in the past.

Charlie Carr - On what basis is this income level? Does it include social security and retirement?

H. Boyle - By RSA it includes social security and retirement - any income at all.

R. Stark asked if there were any other comments or questions on article 12 - there were none.

(Article 12 will appear on the ballot as printed).

**ARTICLE 13** - Shall a Charter Commission be established for the purpose of revising the municipal charter or establishing a new municipal charter?

*Presented and recommended by the Board of Selectmen.*

Selectman Griffin moved that Article 13 be placed on the ballot as printed, motion was seconded by Selectman Sarette.

B. Griffin - The RSAs - the statutes that govern the state - provide that a community can evaluate the form of government and determine if a change should be made based on what changes occurred in the community over the years. This article would determine whether the change would be beneficial. This was placed here on the request of some citizens. Pursuant to the statute you will have an election to determine whether or not you will have a Charter Commission - if that passes you will have another election to determine who will be on the commission - people run to be elected. If this was put on by petition, we would have had to have another vote this year. By the selectmen putting this on the ballot, it will be on this March's election to save us one election. The selectmen support this article and urge that you also support it.

Steve Monier - I'm one of the people who met with the selectmen on this. Originally we began a petition to get this on the ballot - it became clear that because of the time line and number of elections this year we wouldn't want to have to have two special elections. What this does is it establishes a nine-member charter commission to review our local form of government. The process is set out in state law - it lets a town revise or amend its current charter. The thinking on this is - there are 236 towns and cities in NH and Goffstown is the 17th largest community and the sixth largest town. Our population has increased rapidly. The planning board is meeting with more and more challenges, the conservation commission, the solid waste commission - there are many issues we have to deal with. We have a master plan that's updated periodically with issues of economic development, growth, etc. But we haven't taken a thorough look at our government. We have no pre-conceived notions as to what form of government or what changes are needed, but we do think it needs to be looked at. Senate Bill 2 is just a variation on the town meeting form of government - what we've had since this town was established. We hope the Charter Commission is passed. Within a certain period of time there will be an election to elect a charter commission - 225 days from the first meeting they'll give a final report to the town. In the interim they have to have at least one public hearing and have to give preliminary reports - conduct a thorough analysis of what other communities do successfully and then make a final report. If they do recommend changes, the voters would still have to approve them. We urge people to support this article.

L. Emerton - I've served on two charter commissions. Assuming that all this goes through and we choose another type of government is it not true that we will

have another election after that to elect the people for that government? (Answer was yes).

Peter Osiecki - I have a question about the nine members of this group - what are their qualifications? How do you determine who they would be?

B. Griffin - It's the same general election we will have in March - it will be the election of individuals who sign up to run.

P. Osiecki - The people who are going to be elected - will they tell us about themselves, etc?

B. Griffin - I can't answer that directly because we've never done it, but I would think people would give you their qualifications.

S. Monier - I neglected to mention that it's a non-partisan local election. People who want to serve will put their names in and file for the election. We would encourage people who would like to be involved to take advantage of that.

Jim Bingham - Do we have any idea of what this would cost?

B. Griffin - Previous charter commissions have not had a special budget for it - the actual expense would be the expense of running the elections.

R. Stark - The cost of a special election is about \$5,000. Are there any further comments or questions on article 13? There were none.

(Article 13 will appear on the ballot as printed).

**ARTICLE 14** - To see if the Town will vote to adopt the provisions of RSA 72:35 I-a, for an optional veterans tax credit of \$2,000 for service-connected total disability on residential property and replace the standard tax credit in its entirety.

*Submitted by petition.*

Selectman Sarette moved that Article 14 be placed on the ballot as printed, motion was seconded by Selectman Wheeler.

R. Stark - Is there a petitioner present who would like to be heard on this article? There was none.

J. Sarette - If there's a petitioner here I would invite him to come up to speak on this. This article proposes to increase the veteran's tax credit of \$1400 to \$2,000. A tax credit is a direct credit off the tax. In 2003, 27 households participated. If this passes, then the increase in tax credit should cost \$16,200.

Russ Lauriat - The reason I brought this petition forward is the veterans over the years have done a lot and they need a lot. A lot of them don't have jobs and have a lot of medical problems. They put their life on the line - with the higher cost of living they need whatever they can get. I'm a veteran and today I did a memorial service for a young man who died in the line of duty. We spend a lot of money on other things. We could be a communistic form of government and not have the opportunity to vote like we do here. I know it's a hard thing - I don't know how many of you are veterans or have friends or relatives who are. Visit the cemeteries and read the names - visit the hospitals and see the people. Every year I go to the cemetery and put the flags on the graves. I hope you all vote yes on these three articles.

Fred Plett - Selectman Sarette moved to put this on the ballot as written - must it appear as written or is it subject to amendment?

R. Stark - It's subject to amendment.

Susan Yost - I don't see that these articles are recommended or not by the Board of Selectmen.

R. Stark - There's no appropriation.

S. Yost - But it does have a tax impact in a different way. You can't make a recommendation on it?

Julie Grandgeorge - I think it goes without saying that we appreciate our veterans, but some of them are truly in need and others are not. There are other people who give of their time to help this country as well and I'm wondering if there are other qualifications for this as there are for the elderly. I do think the veterans going to Iraq need some help.

R. Stark - Article 14 does require a service-related disability.

Any further questions or comments on Article 14? There were none.

(Article 14 will appear on the ballot as printed).

**ARTICLE 15** - To see if the Town will vote to adopt the provisions of RSA 72:28, II and IV, for an optional veterans tax credit of \$500 on residential property and replace the standard tax credit in its entirety.

*Submitted by petition.*

Selectman Wheeler moved to place Article 15 on the ballot as printed, motion was seconded by Selectman D'Avanza.

R. Wheeler - The purpose of this article is to increase the current veterans' tax credit from \$100 to \$500. Based on our experience of the most recent year, if the numbers do not change, we could anticipate that the cost of this article would be \$311,200. In response to the previous question about the financial connotations attached to the statute, the answer is no. There are qualifications, but they are qualifications that make you a veteran or not. I believe the issue of this question is, do you want to pledge \$300,000 of next year's dollars as opposed to what we did this year.

Scott Gross - My question is, it went from \$100 to \$500. When was the last time this was looked at and where did the \$500 come from?

R. Lauriat - I didn't check with other towns around - I took it out of my head because veterans have not been getting much of anything, even from the government itself. I'm just trying to help the veterans the best I can. I feel that \$1,000 for a veteran who put his life on the line is pretty cheap. Other people will spend money on other things that are pretty foolish and think nothing of it.

R. Wheeler - I believe Scott, that you wanted to know the history of this. The original exemption was \$50 - in 1990 it went up to \$100 and has remained like that since then.

R. Stark - It's not an exemption, it's a credit, correct? (Answer was yes).

H. Boyle - Just because you're under the RSA doesn't mean you're a veteran for this. There are specific things that make you a veteran for this consideration. (Read from the RSA).

P. Manney - When my husband read this he was very interested. I would think that when people find out about this, they will take the credit and it will be

more than the \$311,000. I'm not opposed to it. In the reading of each of these articles you have the word optional in it. What does that mean?

R. Wheeler - That's the title you have to use for it.

D. Rechcigl - If this article fails, is it gone or does it go back to the \$100?

R. Wheeler - It goes back to what's in place now.

R. Stark asked if there were any more questions or comments on Article 15 - there were none.

(Article 15 will appear on the ballot as printed).

**ARTICLE 16** - To see if the Town will vote to adopt the provisions of RSA 72:29-a, II, for an optional veterans tax credit of \$2,000 on the real and personal property of the surviving spouse of a veteran who was killed in action or died while on active duty in the armed forces of the United States or by any of the governments associated with the United States in the wars, conflicts or armed conflicts or combat zones set forth in RSA 72:28.

*Submitted by petition.*

Selectman D'Avanza moved that Article 16 be placed on the ballot as printed, motion was seconded by Selectman Griffin.

P. D'Avanza - This article proposes to increase this tax credit to \$2000. A tax credit is a direct credit off a property tax bill. In 2003 one household participated in this program. In 1992 this credit was increased from \$700 to \$1400. The fiscal impact if this passes at the current rate of participation is \$600.

R. Stark asked if there were any questions or comments concerning article 16 - there were none.

(Article 16 will appear on the ballot as printed).

**ARTICLE 17** - To see if the Town will vote to deposit 50% of the revenues collected pursuant to RSA 79-A (the land use change tax) into a conservation fund, established under RSA 36-A:5, in accordance with RSA 36-A:5 III as authorized by RSA 79-A:25 II, said funds to be used for conservation land and easement acquisition and costs associated therewith.

*Submitted by petition.*

*Not recommended by the Board of Selectmen.*

Selectman Griffin moved that Article 17 be placed on the ballot as printed, motion was seconded by Selectman Wheeler.

B. Griffin - Property owners who own more than ten acres can choose to put their land in current use, thus reducing their property tax obligation. When they take their property out of current use, they pay a current use change tax equal to 10% of the fair market value of their property. This article seeks to divert 50% of the current use tax revenue from the General Fund to a new conservation fund. This would establish a second conservation fund. In 2003 we collected \$98,961 in current use change tax. The board of selectmen voted not to recommend this article because the selectmen did not account for the loss of that money when setting the budget, and a majority felt that the \$80,000 that was appropriated last year was the way the community had voted to come together for this conservation process.

Jason Sachs - I'm speaking on behalf of about fifty concerned citizens who signed this petition. I have been involved for about two years. Last year the Conservation Commission asked for \$250,000 to jumpstart a conservation fund and that was reduced to \$80,000 because they didn't have a plan. This year there is a plan. I think it's a really important thing for our town. We have a lot of land that's going to be developed. Development has increased a lot and this is one option that many towns in New Hampshire have used for this purpose. I think 85% of the towns in Hillsborough County have used this. I hope you would consider this if you support conservation.

Jim Raymond - We hear about projects coming before the planning board. The neighbors will appear before the board and say we shouldn't approve it because they enjoy seeing the land in an undeveloped state. Under our concept of land ownership we cannot keep Lowell from developing his land because Collis enjoys it the way it is. But you can have the town buy it. We know there's \$80,000 a year going into the Conservation Fund, but if you're in a hurry to lock up land this is another chance to do it. Otherwise, land will be developed subject to the restrictions and requirements we put on it. It can only be a certain amount to conservation. If you want it green - this is a way to do it. Do we want to do it just with the \$80,000 or do we want to speed it up? It's a question for the town's voters to decide.

P. Manney - This year we have two articles about conservation capital reserve funds - article 10 and article 17. The selectmen put article 10 in - can they bring that up again next year? Couldn't they decide not to put it on? (Answer was yes). This is put on by petition - once this article 17 passes, would it have to be put on the ballot every year?

B. Griffin - No, it would mean that the money would come from the current use change tax every year.

P. Manney - Last year they wanted \$250,000 - last year we only received \$98,000 in current use change taxes. They would receive only about \$50,000 a year.

B. Griffin - If it was the same.

C. Adams - I want to make one thing clear, this article wasn't brought forth by the Conservation Commission, it was brought forth by a petition of residents of the town. If you look at about the last six years the current use change tax comes to about \$75,000 a year. If you look at all of the appropriations, we're talking about something like 1% of you tax dollars to preserve open space. I would hope that you would put this article on the ballot and let the people decide if this is proper use of their tax dollars or not.

H. Boyle - I guess this is to Jason because he spoke to the article. Do these other town also give the \$80,000 like we do? Do they give something else in addition to the current use tax?

J. Sachs - I'm not sure.

J. Raymond - My firm represents about 35 towns and there are several towns that do both. They also do specific appropriations and they're also collecting a high percentage. Many towns are doing both - it wouldn't be unusual.

R. Wheeler - I would like to comment that I agree with Jim Raymond. This is about green. Do you want it to go to the landscape or go to the budget? This started out with \$250,000 last year - that had its roots in the conservation commission. After it went through the budget committee, the CIP and the board of selectmen it was agreed to be \$80,000. There are communities that place two or three million dollars for this - that's generally when there has been an identified project that a community can buy into. I don't think we've arrived there yet.

I think the conservation commission has worked on its plan. They haven't spent any of the \$80,000 - that money can only be used for the acquisition of land. This other money can be used for other things. There are many landowners in town who have expressed an interest in donating development rights of their land and that would entail significant legal costs. There's a pretty significant difference between the two funds.

S. Gross - This is just a comment - a few years ago the town voted to spend about \$120,000 for economic development. I'm not sure we had a specific plan in place then - I disagree with you, Bob, on that. If there's a sense this piece of land or a piece that perhaps could be specifically designated that would alleviate more development we could give the conservation commission the ability to do so. I would support the people who support this. A few years ago there was a piece of land on Jason Drive - it's houses now. It's about \$7,000 per child for the kids in our schools.

R. Stark - Right now I'm stepping down as moderator and speaking as a citizen of Goffstown. In the 70s or 80s I was on the conservation commission. At that time we had the opportunity to buy the Incline Railway. I think it was in excess of 250 acres. The town came up with the money. I think it was done in one year's time. And at that time the town's budget wasn't nearly as big as it is today. This town does have a history of preserving green space. It hasn't disregarded that obligation.

Dan Cloutier - We have two funds - one is controlled by the selectmen and would have to come to a public hearing to be spent. In article 17 we would be creating a fund that will go on and on. Who has control of those funds and what kind of public hearing would have to be held in order to spend those funds?

B. Griffin - It's my understanding that the town treasurer would have custody of the funds and disburses them at the direction of the conservation commission according to statute.

J. Sachs - There has to be a public hearing and to spend any money for land, the selectmen have to approve of it.

David Niemann - I would like to comment - it isn't just about the town buying up land necessarily, it's about enabling large landowners to keep their land and opening up green space. I would also like to keep in mind the urgency of the situation. The town is growing - we have many projects, and that growth will increase because of the airport, the growth of Manchester, the widening of Routes 93 and 293. We're a bedroom community of Manchester. Our tax bills will only keep going up and up due to that growth. This is one way to help

control that growth. It's not only about the green on the land, it's about future tax dollars - about the green in your wallet.

J. Grandgeorge - I have contacted members of the Conservation Commission because we do have some land. We would like to have a conservation easement in place, but we would then have to pay a lawyer to handle the paperwork to get the easement. We would like to do something that's right, but we would have to pay for it. I think this would give the conservation commission some power in that regard. Also current use - if pieces of land come out it means usually that there's going to be a major development. We don't have very good land in Goffstown - it's full of ledge or wetlands.

These properties can be pretty expensive - roads are difficult to maintain as we all know. Sometimes I think some pieces just shouldn't be developed. If we have land coming from current use we might want to invest some of that money to protect the green, and I think the conservation commission has shown great judgment in trying to protect these areas.

Al Desruisseaux - We're going to have two funds - one under the jurisdiction of the selectmen the other under the conservation commission. Both deal with easement issues based on what's written here. If one wants to purchase and the other one doesn't, where are we going with this? They requested \$250,000 last year - now it's 80. They had no plan - now this pops up. I think one or the other should suffice, we don't need them both. I think they should be coming before the selectmen and the budget committee to increase the money. There are plenty of acres of land that belong to the conservation commission through the town and I find it a little disturbing that no one wants to come forward and do this. Maybe the \$80,000 will disappear. We have had a very large increase in taxes this year - I think it would be nice to have the money go back to cut taxes. I'm urging people not to vote for this article.

R. Stark asked if there were any further comments or questions on article 17 - there were none.

(Article 17 will appear on the ballot as printed).

Selectman Boyle moved to adjourn the meeting. Motion was seconded by Selectmen Sarette. Motion passed.

Meeting was adjourned at 9:05 p.m.

MARIE BOYLE

Respectfully submitted

*Not recommended by the Planning Board.*

**YES – 968                                      NO – 2534                                      Failed**

### ARTICLE 7

Shall the Town raise and appropriate the sum of five hundred seventy eight thousand five hundred forty-one dollars (\$578,541) for the purpose of initiating a Municipal Curbside Recycling Program and to authorize the issuance of not more than Five Hundred Thirty Three Thousand Eight Hundred dollars (\$533,800) of bonds or notes with bond related fees in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) as amended; and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, the maturity and the other terms and provisions thereof, as may be in the best interests of the Town?

The bonded amount of five hundred thirty three thousand eight hundred dollars (\$533,800) is for capital expenses including barrels, truck, 40' x 60' building, skid steer and attachments. The operating cost of forty four thousand seven hundred forty one dollars (\$44,741) includes employee wages/benefits, vehicle operating expenses, and recycling disposal fees. The operating cost will be raised by property taxes.

It is anticipated that the savings generated from this program will cover the cost of the bond and at the end of the bond term will save the town an additional \$100,000 per year.

If this article passes, then the Operating Budget Article 8 will be reduced by sixty nine thousand four hundred seventy five dollars (\$69,475) which is equivalent to about four (4) months of the recycling contract.

(A 3/5 ballot vote is required.) (This appropriation is in addition to Article 8.)

*Recommended by Board of Selectmen and Budget Committee.*

**YES – 2623**

**NO – 1137**

**Passed**

### ARTICLE 8

Shall the Town of Goffstown raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling fourteen million eight hundred twenty eight thousand and nine hundred forty nine dollars (\$14,828,949)? Should this article be defeated, the operating budget shall be fourteen million three hundred seventy eight thousand two hundred dollars (\$14,378,200), which is the same as last year, with certain adjustments required by previous action of the Town of Goffstown or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only. [NOTE: This article (operating budget) does not include appropriations in any other warrant article.]

*Recommended by Board of Selectmen and Budget Committee.*

**YES – 2098**

**NO – 1579**

**Passed**

**ARTICLE 9**

Shall the town raise and appropriate the sum of One Million Eight Hundred Ten Thousand Four Hundred Ninety dollars (\$1,810,490) for the road improvement plan, which was initiated two years ago? This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 8.) *Recommended by Board of Selectmen and Budget Committee.*

**YES – 2344****NO – 1389****Passed****ARTICLE 10**

Shall the town raise and appropriate Eighty Thousand Dollars (\$80,000) for the Conservation Capital Reserve Fund which was established last year pursuant to RSA 35:1 for the purpose of land acquisition, easements and/or land rights for conservation purposes? (This appropriation is in addition to Article 8.)

*Recommended by Board of Selectmen and Budget Committee.*

**YES – 2365****NO – 1343****Passed****ARTICLE 11**

Shall the town raise and appropriate fifteen thousand dollars (\$15,000) for the purpose of funding the nonprofit Goffstown Main Street Program, Inc. for the year 2004? This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 8.)

*Recommended by Board of Selectmen and Budget Committee.*

**YES – 2230****NO – 1521****Passed****ARTICLE 12**

Shall the Town, pursuant to RSA 72:39-(a) and (b), modify the elderly exemptions from property tax in the Town of Goffstown, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$25,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older \$40,000? To qualify, the person must satisfy all the conditions of RSA 72:39-(a) and (b) that pertain to eligibility for this exemption as well as those contained in any other applicable statute, including, without limitation, that they demonstrate that they have been a New Hampshire resident for at least 5 consecutive years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income in each applicable age group of not more than \$18,500 or, if married, a combined net income of less \$24,000; and own net assets, whether married or not, not in excess of \$35,000 excluding the value of the person's residence.

## AUDITOR'S MANAGEMENT LETTER

Melanson Heath & Company, PC  
CERTIFIED PUBLIC ACCOUNTANT  
11 Trafalgar Square, Suite 101  
Nashua, New Hampshire 03063-1974  
603-882-1111

APRIL 23, 2004

Board of Selectmen  
Town of Goffstown  
Goffstown, New Hampshire

We have audited the general purpose financial statements for the Town of Goffstown, New Hampshire as of and for the year ended December 31, 2003 and have issued our report thereon dated April 23, 2004. As part of our audit, we made a study and evaluation of the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluations is to establish a basis for reliance on the system of internal accounting control in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements.

The management of the Town of Goffstown, New Hampshire is responsible for establishing and maintaining a system of internal accounting control. In fulfilling his responsibility, estimates and judgements by them are required to assess the expected benefits and related costs of control procedures. The objectives of such a system are to provide reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with required authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may still occur without being detected. Also, projection of any evaluation of the system to future periods is subject to the risks that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation was not designed for the purpose of expressing an opinion of the internal accounting control structure and would not necessarily disclose all weaknesses in the system. However, as a result of our study and evaluation, and in an effort to be of assistance to the Town, we are

submitting for your consideration a number of comments and recommendations intended to improve operations and internal accounting control.

After you have had an opportunity to consider our comments and recommendations, we would be pleased to discuss them with you.

#### CURRENT YEAR ISSUES:

##### 1. Improve Controls Over Recreation Department:

In our testing of department receipts, we noted that the Recreation Department currently disburses funds for vendor invoices directly from proceeds received for various activities, without flowing through the Town's general ledger. Additionally, these receipts and disbursements were not summarized in logs, and lacked a filing system for supporting documentation, such as invoices.

We recommend the Recreation Department submit all receipts and disbursements through the Town's general ledger and bank accounts. Additionally, the Recreation Department should maintain an activity log to record receipts and disbursements. This activity log should be reconciled to the general ledger periodically. This will result in improved oversight and documentation, and will reduce the risk that errors or irregularities occur and go undetected.

##### 2. Maintain Overlay Balance Log:

The Assessor's Office has records for all abatements and exemptions issued. However, they do not maintain a running total balance of overlay (allowance for abatements and exemptions) accounts, and instead rely on the general ledger. A good internal control system dictates that the Assessor's Office maintains an independent balance of overlay and that this balance be periodically reconciled to the general ledger. As a result, there will be assurance that all abatements granted are properly recorded in the general ledger, and in a timely manner.

We recommend that the Assessor maintain a continuous record of all abatements and reconcile the balance of this record with the general ledger on a regular basis.

##### 3. Improve Segregation of Duties

During testing of the Town Clerk's Office, we noted that clerks who are responsible for collecting receipts are also responsible for reconciling their own cash drawer to the collection software. This creates a lack of segregation of duties that could allow for errors or irregularities to occur and go undetected.

We recommend an employee other than the receiving clerk perform the cash drawer reconciliation. This will improve oversight and controls over detecting errors or irregularities in a timely manner.

## INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen  
Town of Goffstown, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Goffstown, New Hampshire, as of and for the year ended December 31, 2003, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Goffstown's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Goffstown, as of December 31, 2003, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 21, the Town has implemented several new *Governmental Accounting Standards Board Statements* which has resulted in the restatement of beginning fund equity balances of several funds, and has established net assets for governmental and business-type activities.

The management's discussion and analysis, appearing on the following pages and the supplementary information, appearing on page 38, is not a required part of the basic financial statements but is supplementary information required by the *Governmental Accounting Standards Board*. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated April 23, 2004 on our consideration of the Town's internal

control over financial reporting and our tests of its compliance with laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Melanson Heath & Company  
Nashua, New Hampshire  
April 23, 2004

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Town of Goffstown, we offer readers this narrative overview and analysis of the financial activities of the Town of Goffstown for the fiscal year ended December 31, 2003.

### A. OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Town of Goffstown's basic financial statements. The basic financial statements comprise of three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The statement of net assets presents information on all assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, public works, health and welfare, and library and recreation. The business-type activities include sewer enterprise activities.

**Fund financial statements.** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

**Proprietary funds.** Proprietary funds are maintained as follows:

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. Specifically, enterprise funds are used to account for sewer operations.

Proprietary funds provide the same type of information as the business-type activities reported in the government-wide financial statements, only in more detail.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

**Notes to the financial statements.** The notes provide additional information that are essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information, which is required to be disclosed by the *Governmental Accounting Standards Board*.

**B. FINANCIAL HIGHLIGHTS**

As of the close of the current fiscal year, the total of assets exceeded liabilities by \$ 21,401,864 (i.e., net assets), an increase of \$ 233,870 in comparison to the prior year.

As of the close of the current fiscal year, governmental funds reported combined ending fund balances of \$ 3,852,681, a decrease of \$ 124,948 in comparison with the prior year.

At the end of the current fiscal year, unreserved fund balance for the general fund was \$ 1,377,657, an increase of \$ 31,363 in comparison with the prior year.

Total long-term debt (i.e., bonds payable) at the close of the current fiscal year was \$ 5,267,351, a decrease of \$ 663,314 in comparison to the prior year.

**C. GOVERNMENT-WIDE FINANCIAL ANALYSIS**

The following is a summary of condensed government-wide financial data for the current fiscal year. Because fiscal year 2003 was the first year of GASB 34 implementation, prior year comparative data was not available for presentation. Comparative information will be provided in future years.

	Governmental Activities	Business-Type Activities	Total
CURRENT AND OTHER ASSETS	\$ 11,263,042	\$ 3,967,957	\$ 15,230,999

Permanent fund contributions	<u>105</u>	<u>-</u>	<u>105</u>
Change in net assets	283,849	( 49,979)	233,870
Net assets - beginning of year	<u>10,060,456</u>	<u>11,107,538</u>	<u>21,167,994</u>
Net assets - end of year	\$ <u>10,344,305</u>	\$ <u>11,057,559</u>	\$ <u>21,401,864</u>

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, total net assets were \$ 21,401,864, an increase of \$ 233,870 from the prior year.

By far the largest portion of net assets \$ 16,258,910 (76%) reflects our investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the

resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net assets \$ 754,736 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets \$ 4,388,218 may be used to meet the government’s ongoing obligations to citizens and creditors.

**Governmental activities.** Governmental activities for the year resulted in an increase in net assets of \$ 283,849. Key elements of this increase are as follows:

Excess general fund revenues over budget	\$ 131,465
Excess general fund budget over expenditures	351,268
Excess of tax collections over budget	88,180
Use of fund balance for the Town’s portion of property acquisition and plan design for the rails to trails project	( 78,000)
Use of fund balance to reduce the tax rate	(461,549)
Excess of prior year encumbered appropriations spent in the current fiscal year, over current year encumbrances	(404,260)
Special revenue and certain trust fund revenues exceeding expenditures	247,948
Capital assets purchased through the tax levy	635,607
Depreciation expense exceeding bond principal payments	(251,027)
Other	<u>24,217</u>
Total	<u>\$ 283,849</u>

**Business-Type Activities.** Business-type activities for the year resulted in a decrease in net assets of \$ 49,979. Key elements of this change resulted from an increase in operating costs.

**D. FINANCIAL ANALYSIS OF THE GOVERNMENT’S FUNDS**

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds.** The focus of governmental funds is to provide information on near-term inflows, outflows and balances of spend-able resources. Such information is useful in assessing financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, governmental funds reported combined ending fund balances of \$ 3,852,681, a decrease of \$ 124,948 in comparison with the prior year. Most of this decrease was attributable to:

Excess general fund revenues over budget	\$ 131,465
Excess general fund budget over expenditures	351,268
Excess of tax collections over budget	88,180
Use of fund balance for the Town's portion of Property acquisition and plan design for the rails to trails project	( 78,000)
Use of fund balance to reduce the tax rate	(461,549)
Excess of prior year encumbered appropriations spent in the current fiscal year, over current year encumbrances	(404,260)
Special revenue and certain trust fund revenues exceeding expenditures	<u>247,948</u>
Total	

The general fund is the chief operating fund. At the end of the current fiscal year, unreserved fund balance of the general fund was \$ 1,377,657, while total fund balance was \$ 2,609,459. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 5% of total general fund expenditures, while total fund balance represents 10% of that same amount.

The fund balance of the general fund decreased by \$ 372,896 during the current fiscal year. Key factors in this change are as follows:

Excess revenues over budget	\$ 131,465
Excess budget over expenditures	351,268
Excess of tax collections over budget	88,180
Use of fund balance for the Town's portion of property acquisition and plan design for the rails to trails project	( 78,000)
Use of fund balance to reduce the tax rate	(461,549)
Excess of prior year encumbered appropriations spent in the current fiscal year, over current year encumbrances	(404,260)
Total	<u>\$ (372,896)</u>

**Proprietary funds.** Proprietary funds provide the same type of information found in the business-type activities reported in the government-wide financial statements, but in more detail.

Unrestricted net assets of the enterprise funds at the end of the year amounted to \$ 3,475,784, a decrease of \$ 310,929 in comparison with the prior year.

Other factors concerning the finances of proprietary funds have already been addressed in the entity-wide discussion of business-type activities.

**GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original budget and the final amended budget represent reclassifications among articles and capital outlay.

**F. CAPITAL ASSET AND DEBT ADMINISTRATION**

Capital assets. Total investment in capital assets for governmental and business-type activities at year-end amounted to \$ 18,951,389 (net of accumulated depreciation), an increase of approximately \$ 149,000 from the prior year. This investment in capital assets includes land, buildings and system, improvements, and machinery and equipment. Major capital asset events during the current fiscal year included the following:

Sewer main extension	\$ 166,000
Police, fire, and public works vehicles (excluding an ambulance)	\$ 293,410
Ambulance	\$ 112,000
Thermal imager	\$ 36,000
Land	\$ 197,700

Long-term debt. At the end of the current fiscal year, total bonded debt outstanding was \$ 5,267,351, all of which was backed by the full faith and credit of the government. Additional information on capital assets and long-term debt can be found in the footnotes to the financial statements.

**REQUESTS FOR INFORMATION**

This financial report represents a condensed version of the Town of Goffstown’s financial statements for FYE 12/31/03. Not all schedules and footnotes are presented in this town report version. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to:

## SELECTMEN'S RESPONSE TO AUDITORS

August 2, 2004

Melanson Heath & Company, P.C.  
11 Trafalgar Square, Suite 101  
Nashua, New Hampshire 03063-1974

Dear Auditors:

The following are the responses to the Management Letter dated April 23, 2004, prepared by Melanson Heath & Company. The comments in the letter pertain to issues surrounding the audit for year ending December 31, 2003.

1. The Finance Director will establish a bank account for all recreational activity fees collected and disbursed by the Parks and Recreation Department. The Finance Office will instruct Parks and Recreation Staff on proper handling and recording procedures for these types of activities. The Parks and Recreation Department will develop and maintain an activity log of receipts and disbursements that will be periodically reconciled to the Recreational Activity-Fee bank account established for this purpose. We agree that this procedure will improve oversight and documentation, and reduce the risk of errors or irregularities from occurring and going undetected.
2. The Assessor's Office will establish and maintain a continuous record of all abatements. The Assessor's Office will maintain an independent running overlay balance that will be reconciled on a regular basis to the general ledger by the Finance Director. We agree that this procedure will assure that all abatements granted are properly recorded in the general ledger, and in a timely manner.
3. The Board of Selectmen understands the purpose of the recommendation to have an employee in the Town Clerk's Office, other than the receiving clerk, perform the cash drawer reconciliation. However, this recommendation is contrary to a prior audit recommendation. In our opinion, the action you are recommending could increase the possibility of errors or irregularities because you would now have several Clerks involved with the reconciling process of a cash drawer in the Town Clerk's Office.

Respectfully Submitted,

GOFFSTOWN BOARD OF SELECTMEN

Robert L. Wheeler, *Chairman*  
Barbara J. Griffin  
Bruce F. Hunter

John C. Sarette, *Vice Chairman*  
Philip A. D'Avanza

## BUDGET COMMITTEE REPORT

*Seated L-R: Daniel Cloutier, John Caprio, Chair, Raymond Labore, Dennis Rechcygl.  
Standing L-R: Suzanne Tremblay, Phillip Kendall, Bill Gleeson, Gary Burnier, Eric  
Geissenhainer, Richard Fletcher. Absent: Vivian Blondeau, Peter Georgantas, Scott Gross,  
David Rowe, Jeffery Tate, Robert Wheeler, Selectman Rep.*

The Goffstown Budget Committee consists of 16 members. Twelve members are elected for staggered three-year terms, and four members are appointed each year; one from the Board of Selectmen, one from the School Board, one from the Grasmere Village Water Precinct and one from the Goffstown Village Water Precinct.

The Budget Committee normally meets on the third Tuesday of each month for the purpose of reviewing monthly expenditures by the Town departments and the school district. During the month of November the Budget Committee divides into two sub-committees. The Town sub-committee meets with the department heads to review the Town budget requests for the following year. The school sub-committee meets with the representatives from the Goffstown School Board for the same purpose. After a lengthy review process and deliberation sessions, each sub-committee recommends a proposed budget to the full Budget Committee during the month of December. In January the Budget Committee conducts public hearings and makes recommendations for the Deliberative Sessions for both the Town Meeting and School District Meeting.

Major items that were considered this year were: increases in the Town and school budgets, and special articles for the major road plan and the GAHS roof replacement. The Budget Committee's meetings are open to the public and we welcome your input during our public comment session.

Respectfully submitted,  
John Caprio, Chairman

## CABLE TELEVISION COMMUNITY ACCESS

*Seated L-R: Rosemary Garretson, Marie Boyle, Andrea Card. Standing L-R: Dick Gagnon, GTV Coordinator, Jim Bingham, Gov't Liaison, James Pingree, Chairman, Donald Gagnon. Absent: Craig Battey, Patrick Tucker.*

Goffstown Public Access television has had a challenging and productive year as it gears up with the latest technology. Phase I of the digital conversion is finally done. Shows are now saved on a digital server for computer-scheduled playback. The digital upgrades in the Mildred Stark Room allow for DVD recording of meetings as well as improved audio transmission on live feeds to the public. A new all digital web concentric bulletin board system is now in place. Additionally, the Mildred Stark room was fitted with an internal audio system with ceiling speakers for better audio reception for meeting attendees.

Training sessions have resumed at the studio, where patrons are being trained on the new, more friendly, digital editing systems and digital cameras to produce a number of shows. Video information/education programs have been created for several town departments.

The Goffstown Community Access TV committee invites individual residents and civic organizations to take classes in video editing and production for the creation of videos and programs for personal and community benefit. Prior experience is not necessary. Let your voice be heard or volunteer behind the scenes. GTV volunteers look forward to seeing you.

Respectfully yours,  
James Pingree, Chairman

## CAPITAL IMPROVEMENT COMMITTEE

The Capital Improvements Plan (CIP) Committee is a subcommittee of the Planning Board charged with creating a six-year projection of capital expenditures for the town, school, and water precincts. Throughout the summer, the CIP Committee meets with various town and school officials to review capital cost items in excess of \$25,000. Based on the CIP Committee's review of our community's capital needs, we make recommendations to the Planning Board that serve to prioritize large expenditures and provide some stability to our local tax rate. The purpose of the CIP Committee is as specified in RSA 674:6:

"The capital improvements program shall classify projects according to the urgency and need for realization and shall recommend a time sequence for their implementation. The program may also contain the estimated cost of each project and indicate probable operating and maintenance costs and probable revenues, if any, as well as existing sources of funds or the need for additional sources of funds for the implementation and operation of each project. The program shall be based on information submitted by the departments and agencies of the municipality and shall take into account public facility needs indicated by the prospective development shown in the master plan of the municipality or as permitted by other municipal land use controls."

Last year in 2004, the Town approved a capital budget of \$5,561,978. The CIP is recommending a capital budget for 2005 of \$6,100,161 (subject to revision as the Capital Budget makes its way through the budget process). Although this is a significant increase from the previous year, it is not as significant of an increase over the amount approved for 2004 by the Planning Board of \$5,831,339. Given the anticipated growth in our local tax base, this is essentially level funded compared to the Planning Board approved number.

The CIP could not reduce the capital budget any more in 2005 because deferring expenditures would have had a detrimental effect in years 2006-2010 (a projection for 2007 of up to \$7 million, for example). The town is facing some costly capital expenditures in the next few years, and we continue to recommend that there is a need for additional commercial and industrial tax base to keep the residential tax burden reasonable. I would like to thank the Committee for their hard work during the hot summer months.

Respectfully Submitted,  
Fred Plett, Chairman

## CEMETERY TRUSTEES ANNUAL REPORT

*Leon Konieczny, Jean Walker   Absent: Linda Reynolds-Naughton*

The Goffstown Cemetery Trustees would like to extend their thanks to the community for their positive response to recent amendments in the cemetery rules and regulations. As with most things, changes became necessary over time. The rules were updated to not only ease the growing burden of proper maintenance, but to preserve an atmosphere of uniformity at all times. 2004 accomplishments for cemetery operations include:

Continued rebuilding of lawns needing attention with a grub control program

Replacement of five trees

Repaired many of the broken monuments

Provided a gravel road maintenance and turnaround for vehicles at Hillside

Through the generosity of community members who have bequeathed funds in Perpetual Care for the specific purpose of beautifying Westlawn, the Cemetery Trustees have installed a 25' fiberglass flagpole and veterans plaque. This memorial is in appreciation to all Goffstown men and women who served our country in times of war and peace.

Once again the Trustees express their gratitude to the DPW for their support in the efforts of the Trustees to make the three town cemeteries a place of pride and reverence, and a sustaining source of comfort to family members.

Respectfully submitted,  
Goffstown Cemetery Trustees

## COMMUNITY DEVELOPMENT

Goffstown, in coordinating its land related planning, development and regulation activities, is now reporting them as a single activity under the title of community development. The Planning Office, the Code Enforcement Office and the Building/Health Inspection Office are included under this heading. The citizen board and council community development participants are still listed separately, which includes the Economic Development Council, the Planning Board, and the Zoning Board of Adjustment.

### PLANNING OFFICE

In 2004, plan proposal activity dropped toward the 1998–1999 level. The table below shows the number of subdivision, site plan and conceptual plan applications submitted for Planning Board review each year:

Applications Reviewed by the Planning Board							
Type	1998	1999	2000	2001	2002	2003	2004
Subdivision	16	23	21	26	37	25	22
Site Plan	12	14	17	12	14	19	15
Conceptual	13	19	15	15	31	16	5
Total	41	56	53	53	82	60	42
% Change	+71%	+37%	-5%	0%	+55%	-27%	-30%

Of these 22 subdivisions in 2004, 18 were approved, representing 68 new home lots and 9 new industrial lots. Given the absorption of lots for new homes, it had been estimated that the level of new home construction in 2004 would drop to the 1999 level, which it did. Given this low level of building permits in 2004, compared to the number of residential lots created, plus 40 residential lots that are pending, building permits in 2005 may return to their 2002-2003 levels.

Single Family or Duplex Building Permits Issued						
1998	1999	2000	2001	2002	2003	2004
100	79	58	53	95	95	64

Notwithstanding this variation, Goffstown continues to face the challenges of growth, particularly of increased residential development, as well as additional pressures on our roadways due to the increasing development of our neighboring communities to the west and north.

In addition to plan reviews, the planning staff worked on a number of projects. (1) Staff focused on the Route 114/114A corridor management plan following its adoption by the Planning Board. The proposed 2005 zoning changes begin to implement this plan. A new zoning district, the Commercial-Industrial Flex District, would be placed along South Mast Road, which, along

with the Board's Development Regulations, would provide for non-residential development while still protecting South Mast Road's traffic carrying capacity and Goffstown's existing village scale and rural character. (2) In 2004, a Request for Proposal and consultant selection for completion of the Master Plan Update was completed. This Master Plan update should be completed 2005. This plan, among other things, will look at how residential pressure might be abated in the more rural areas, while being more concentrated along the Mast Road corridor and in Goffstown's multiple village centers. (3) Staff, in coordination with Goffstown Main Street Program, Inc., developed an economic development brochure. (4) Lastly, staff is actively working with several non-residential economic development proposals that would result in an increased tax base.

The Planning office serves as staff to several boards and committees, including the Planning Board, Capital Improvements Program Committee, Highway Safety Committee, Economic Development Council and Technical Review Committee. All planning is coordinated with the Board of Selectmen and the Goffstown Main Street Program.

### **ZONING CODE ENFORCEMENT**

Since the adoption of the Goffstown Zoning Ordinance at Town Meeting in 1961, various offices have performed the enforcement and interpretation of the ordinance. The Zoning Code Enforcement Officer has become a separate, full-time position, resulting in additional, consistent zoning enforcement action.

Zoning enforcement includes interpretation and enforcement of the zoning ordinance, as well as the enforcement of specific approval conditions attached to a Zoning Board of Adjustment, Planning Board, or Historic District Commission action. The Zoning Code Enforcement Officer also serves as staff to the Zoning Board of Adjustment.

### **BUILDING INSPECTION**

Goffstown finished the year with 64 new dwelling unit permitted, down 33% from last year. Commercial activities in 2004 remained fairly stable. Hopefully, we will see an increase in commercial construction in 2005.

At the 2004 March Town Meeting, the Town adopted Building Codes from the International Code Council for non-residential and multi-family development. These codes, also adopted by the State, include:

- International Building Code 2000;
- International Plumbing Code 2000;
- International Mechanical Code 2000;
- International Energy Conservational Code 2000.

Also at the 2004 March Town Meeting, the 1995 CABO was replaced with the International Residential Code 2000, and all future supplements. At the

present, the 2003 IRC is enforced. This code applies to one and two-family development.

The 2002 NFPA National Electrical Code remains in place, but will be replaced with the 2005 edition on July 1, 2005. This code applies to all development.

### HEALTH OFFICER

Drinking water remains a concern. Water users still expect the purest water possible. It is advisable to have well water tested from time to time to minimize the threat of ingesting contaminant that may be harmful to health. For more information check the State web site at [www.des.state.nh.us/wseb](http://www.des.state.nh.us/wseb)  
WEST NILE VIRUS is slowing creeping in our region. We are cautioned not to leave standing water on our property to minimize its spread.

Respectively submitted,  
Stephen B. Griffin, AICP  
Planning and Economic Development Coordinator

## CONSERVATION COMMISSION

*Seated L-R: recording sec. Doris Frye, Chairman Collis Adams, Kimberly Peace. Standing L-R: Selectman Barbara Griffin, Evelyn Miller, Jean Walker, Jason Sachs, Vice-Chairman David Nieman, Lisa Yesse, and Karen McRae. Absent: Susan Tucker*

The Conservation Commission continues to take an active role in support of the Planning Board for all subdivision and site plan applications. The commission conducted over 40 site inspections and provided reports and recommendations to the Planning Board for their deliberations on these applications. The commission also maintains representation at Planning Board meetings to provide assistance as requested by the board. The commission reviewed, inspected and commented on 8 applications to the NH Department of Environmental Services for wetland dredges and fill permits and intent-to-cut timber notices in 2004.

The commission has received the final report and mapping for the prime wetlands study which was completed through contract with Vanasse, Hangen Brustlin of Bedford. This study was funded through a \$30,000 appropriation as approved by the voters in 2003. The commission is pleased with the quality of the final report and the Planning Board has given their support to the effort by recommending acceptance and approval by the voters on the March 2005 ballot. The report can be reviewed at the town offices and should be available on the town website soon.

The commission also received the final natural resources inventory that was completed through contract with the University of New Hampshire. This inventory is also available for public review.

The prime wetlands study and natural resources inventory are both important documents that will be incorporated into the Goffstown Open Space Plan. With the addition of these two documents and the development of mapping overlays from the town wide GIS system, the plan will be complete and ready for presentation to the Board of Selectmen for approval and acceptance. This plan will become a valuable reference and planning tool for the various boards, commissions and members of our community.

The commission has had preliminary discussions with several landowners relative to their desires to conserve their open space lands through the land conservation reserve fund. The commission continues to evaluate these properties in the context of the open space plan and hopes to have much more to report in the year to come.

Anyone interested in sharing their knowledge, expertise and time in support of the commission's efforts is encouraged to contact any member of the commission.

Respectfully submitted,  
Collis G. Adams, Chairman

## ECONOMIC DEVELOPMENT COUNCIL

*Seated L-R: Richard Bruno, Chairman, Philip Tatro, Secretary, Marie Boyle.  
Standing L-R: Henry Grady, Planning and Economic Development Coordinator, Steve Griffin,  
Selectman Robert Wheeler.  
Absent: Albert Desruisseaux, Selectman Bruce Hunter, Bryan King, Arthur Rose, Jr.*

Goffstown Economic Development Council continues its work to foster the commercial and industrial development of the community, and to retain and strengthen its existing base. This year the council was pleased to see the approval of the industrial park on the Goffstown Back Road at the Manchester line, and the beginning of its infrastructure. The council was able to realize a long-term goal in 2004 with the availability of high speed internet access to most businesses in the community through Business DSL. We continue to work on the implementation of the recommendations set forth in the Rte. 114 Corridor Study. In doing so, we have completed a business survey to better understand our existing business's needs and have continued to work with the Planning Board on the creation of a commercial flex zone on the corridor. This new zone, and the first proposed lots to be changed to this new designation, should be brought before the town for a vote at the 2005 Town Meeting. These zoning changes

would allow for more economic development opportunities along the corridor within the boundaries of the Corridor Study.

The council continues to seek interested individuals who would like to be involved with the development of a healthy and prospering economic environment within our community. Please contact the Town Administrator's office and ask for a Volunteer Application Form if you are interested.

Respectfully submitted,  
Philip Tatro Sr., Chairman

## GOFFSTOWN FIRE DEPARTMENT

The year 2004 was fast paced for the Fire Department and its employees, who worked together to provide the highest level of Fire and EMS services to the community. In addition to providing emergency services to the Town, employees also completed a number of projects and collateral duties within the Department.

Unfortunately, the Goffstown Fire Department lost 2 past members in 2004. Selectman John Sarette and Mr. Edouard Forcier both passed away during the year. Selectman Sarette was a retired Call Captain of Training and contributed to the growth and professionalism of the Goffstown Fire Department through his many years as the Department's Training Officer. Mr. Forcier was instrumental in the construction of the Pinardville Fire Station and was an active member of the Pinardville Fire Station for many years. They will be missed.

The Goffstown Fire Department celebrated the promotions of 4 employees during the year. Captain Mark Hurley was promoted to the rank of Deputy Fire Chief of Operations. Lieutenant Steve Tower was promoted to the rank of Training Captain. Fire Fighter Eric Battey was promoted to the rank of Lieutenant, and Call Fire Fighter Rob Peters was promoted to the rank of Full Time Fire Fighter / EMT.

The Department was active in many community and school activities during the year. The employees' commitment to involve themselves with the community along with their commitment to respond to the emergency needs of the community has helped the Department and the community to collaborate to meet the community's needs more effectively.

### ADMINISTRATION:

Administration made many strides during the year as it received a great deal of support and cooperation from a number of internal and external resources. The Department was fortunate to be able to draw upon the resources of two college institutions located in the State. The students at the University of New Hampshire completed two research projects on Fire Station Locations and Fire

Station Designs. Students at St. Anselm's College completed a telephone survey designed to provide feedback to the Department and Town regarding the level of service that is provided to the community. The results of this survey identified several areas that the Department could improve on in the future.

Administration completed a total revision of the Fire Department's section of the Town's Master Plan. This document has identified a number of areas that the Town should consider in order to continue to provide effective and efficient Fire and EMS services to the community in the future.

The Department also conducted an extensive Officer Promotional Exam Process that covered Officer positions in both the Full Time and Call Force ranks. This process identified several outstanding candidates for promotion as well as provided the candidates with a clear path and direction for future advancement within the organization.

The Department increased the number of authorized and certified Driver / Operators and Covering Fire Officers during the year. The requirements of these positions were identified through sponsored training programs along with a written description of the requirements for each position. Both of these items have enabled employees to utilize their skills and education to function at a higher level of service.

Upon authorization of the Board of Selectmen, Administration created and submitted a substantial proposal for moving the Fire Department to a 24-hour full time staffing system. This system would use a combination of both Full Time and Call Force employees to provide Fire and EMS services to the community. The adoption of this system would provide a system more responsive to the needs of the community while providing much needed relief to the employees of the Call Force. The Administration also developed a report comparing a Fire Based EMS System as compared to a Private EMS Based System.

Due to a number of employee injuries and surgeries and the loss of several employees, maintaining full coverage in all operational shifts was extremely difficult. Lieutenant Steve Roberts and Fire Fighter Dean Covis did an excellent job in handling this task throughout the year.

The Department struggled in the area of apparatus maintenance and was forced to borrow apparatus from the City of Manchester on several occasions while several pieces of our apparatus were sent out for service. The Town of Goffstown is fortunate to have the ability to draw upon the available resources of the City of Manchester. On behalf of the Town and Department I thank the City of Manchester, Chief Kane and his employees for all of their support.

Many thanks go to the Department's secretary, Brenda Barss, for all of her dedication and hard work during the year. Secretary Barss continually puts in many extra hours and exceeds what is required of her to make sure that the Department stays on track.

## **APPARATUS MAINTENANCE DIVISION:**

The year 2004 was an extremely busy year for this division. Lieutenant Steve Roberts, Town Mechanic Mark Urella and several area fire truck vendors worked extremely hard to keep the Department's fleet in service during the year. The current fleet is aging and the need for maintenance and repair is increasing annually.

Currently the Department has placed Engine 2 and Engine 5 out of service due to maintenance/mechanical issues. Both of these vehicles have served the Town and Department for a number of years and are in need of replacement. Engine 2 is a 1979 American LaFrance and Engine 5 is a 1985 Ford/Grumman.

With these two pieces of apparatus out of service the Department's remaining two fire engines, Engine 1 and Engine 6 are being used at an increased level in order to provide services to the community. The increased wear and tear on these vehicles will reduce their life span and increase their need for maintenance and repair in future years.

Some of the major work that was completed during 2004 to the Department's fleet include: Body work on Ambulance 2; the complete rewiring of the electrical system of the Forestry vehicle; and transmission work to Engine 1. In addition, both Ladder 1 and Ladder 6 were sent out of State several times for work.

The Department created a new 20-year Apparatus Replacement Matrix and submitted this document as part of the Department's Capital Improvements Plan. This updated document includes all apparatus and has outlined a replacement schedule for the next 20 years. Like all plans this is a living document that should be updated annually and can be changed if the need arises.

The Department submitted a grant request as part of the Federal Fire Act Program in 2004 to replace Engine 5 with a new 2,500 Gallon Pumper/Tanker. Unfortunately, the Department's request was not approved.

## **CALL FORCE:**

The year 2004 marked the retirement of Call Deputy Chief Gossett McRae, who retired after providing 24 years of service to the Department. During his tenure, Deputy Chief McRae served as a member of the Department's Board of Fire Wardens and assisted with the advancement into the area of EMS.

The Call Force continues to provide a valuable service to the community, responding to the needs of the community for Fire and EMS responses on a regular basis. The Call Force is responsible for providing Fire and EMS coverage for the Town every night after 6:00 PM, weekends and holidays. Call Force employees also provide coverage 5 days a week at the East Goffstown Fire Station and supplement the full time employees during the week. An increased demand for service requires the Call Force to put in more and more time responding to the needs of the community. In recent years, the time required to complete and fully process an ambulance call has doubled.

The Department greatly appreciates and acknowledges the efforts made by all of the members of the Call Force, each of whom must make a number of tough

decisions regarding their role and commitment to serve the community and the Department. The Call Force employees demonstrate a commitment to service and have stepped up to meet to the demands of increased calls for service.

## **COMMUNICATIONS AND COMPUTERS:**

The Fire Department made steady progress in these areas of the Department in 2004. Lieutenant Eric Battey contributed many hours working with employees, and Neil Funcke the Town's Information Technology Manager, to upgrade the Department's computer system, included hardware and software upgrades as well as the addition of 2 static IP addresses to its system.

The Department worked with the Police Department to purchase several new items in the Town's Dispatch Center. A new Computer Aided Dispatch computer software module has been installed, which will allow the Dispatcher to receive, enter, dispatch and track Fire and EMS calls in the same manner as they handle police calls. This new software module will help provide a more standardized method of operation for the on-duty Dispatcher.

The Department moved forward in 2004 with the purchase of a new base station radio that is located on the top of Mount Uncanoonuc. This radio can transmit a radio tone alert to the radio pagers that are carried by all members to notify them of an emergency response. This unit is critical to emergency operations as it is the primary method used to notify the members of the Call Force that their services are required.

The Fire Department radio communication has been less effective in certain areas in town. The Department identified the exact areas that were affected and purchased two mobile repeaters that have been installed in two pieces of apparatus. The addition of these units has improved our ability to communicate in these areas. The Department has requested funding in 2005 to purchase 2 additional mobile repeaters to help provide an increased level of communications for employees working in the field.

The Department received a grant to purchase and install 14 new State Wide Interoperable Mobile Radios. These new mobile radios will provide the ability to communicate with other communities throughout the State using a standardized radio system.

## **EQUIPMENT:**

In 2004 the Department identified a number of areas that had old and outdated equipment or areas that lacked equipment items that may be needed on emergency calls. The Department obtained the needed funding through the Town's budget process, and through donations and grants to purchase a number of new equipment items including; new fire hose and nozzles, new rescue rope, new protective helmets, a new hydraulic rescue system and two new self-contained breathing apparatus booster pumps.

The Department also received the donation of several large pieces of physical fitness equipment from the City of Manchester and from several citizens, which will be used by employees under a structured voluntary physical fitness program.

**EMERGENCY MEDICAL SERVICES:**

The Department continues to have employees trained and certified at the EMT – Basic, Intermediate and Paramedic levels throughout the year. The Department went through an EMT re-certification process as well as sponsored a 10-week EMT-I class. EMS Coordinator, Diana Sterling, oversees the EMS activities and works closely with the Training and Administrative Divisions. EMS Coordinator Sterling also represents the Department and its employees at Regional and State level meetings.

**FIRE PREVENTION DIVISION ACTIVITIES:**

	2003	2004	Change
Construction Related Inspections	546	763	+217
Life Safety Inspections	164	284	+120
Fire Prevention – Misc.	1518	1700	+182
Permits	1757	1542	-215
<u>Totals:</u>	<u>3985</u>	<u>4289</u>	<u>304</u>

**Other Activities- Fire Prevention Officer:**

- Conducted training for department personnel on Propane piping & tanks, Building construction for firefighter safety and Fire Inspector certification program.
- Developed Cistern & driveway standards.
- Worked with NH Oil Burner Technicians Association on developing a State adoptable standard format for oil burner inspection
- Applied for and received a Fire Safety Public Education Grant from Wal-Mart for school safety committees for all schools in town.
- Addressing: Updated over 5,000 entries to reflect current conditions. Confirmed address & condition of all static fire suppression water supplies
- Municipal Fire Alarm: 6 major (multi day / multi personnel) repair / relocation projects; 6 minor repairs; Numerous system fuse replacements due to lighting strikes; Inventory updates including materials & tools
- Large projects (requiring several meetings & site visits): Bouchard Building remodel; Timberstone property development & kindergarten site; Catamount Ridge; Oak Hill; Factory Street redevelopment; St Anselm to resolve major fire sprinkler problem at the Sullivan Arena; Democratic Debate at St Anselm (inspected & staffed).

## **TRAINING DIVISION:**

Employees today are required to receive training in a number of Fire and EMS dimensions in order to keep pace and provide services to the community. An increased emphasis on safety, training on basic techniques and skills as well as advanced training has helped address the liability issues that face the Department and the community.

The Training Division excelled in 2004 under the direction and leadership of Deputy Chief Mark Hurley and Captain Steve Tower. The Training Division worked with several outside training institutions to sponsor and conduct a large number of training classes for employees of the Department at all levels. Some of the classes that were completed in 2004 by the employees include: Ladder Operations Reorientation, Hose and Nozzle Operations, Driver/Operator Training; Ice Rescue Operations, State Certified Fire Fighter Level 1 A&B, State Certified Incident Command Systems, State Certified Fire Inspector Level 1, State and Nationally Certified EMT – Intermediate Level and Confined Space Rescue Training.

In addition to the above training programs, the Local Government Center provided training. The Department also participated in a large-scale exercise during the year at the New Boston Tracking Station.

## **MUNICIPAL FIRE ALARM SYSTEM:**

During the year the Department sponsored and sent 4 individuals to a Municipal Fire Alarm Training Course. Three of these employees received certification to work on the Town's Municipal Fire Alarm System after completing this training.

The Department, again working with the Police Department and outside vendors, purchased and installed a new fire alarm receiver when the existing unit failed. This state of the art unit will provide the Department with numerous options that were not available on the previous unit. Several repairs to the town's system were made and several new fire alarm boxes were added to the system. The Department is moving forward with establishing a bench stock of common items that are used in the maintenance and repair of the Town's system. Fire Fighter Moe Mailhot and Retired Fire Chief Paul Nault are responsible for the Town's Municipal Fire Alarm System.

An item that is needed to help maintain this system is certified bucket truck, which would provide a safe working environment for the crew working on elevated fire alarm lines among active power lines.

## **FACILITIES:**

The following facility maintenance projects were completed during the year:

- Station 17, East Goffstown-new heating system installed in the office area, a new septic system, water purification system work, and electrical work.
- Station 18, Village Station-several new heating system zones added; the construction of 3 new storage rooms and a locker room for employees, the

painting of several areas of the station; the completion of electrical work, new telephone system and office area renovations.

- Station 19, Pinardville-a new boiler installed, new telephone system, the construction of a storage room, the kitchen and break room areas renovated and electrical work.
- All Facilities-an energy audit completed by Public Service of New Hampshire (PSNH), resulting in new lighting mechanisms installed at all 3 stations to make the stations more energy efficient.

The Local Government Center conducted a safety inspection and identified a number of items in all facilities. The Department has requested funding in 2005 to address some of the issues that were identified in this report.

Many thanks go out to all members for their time, skills, equipment and patience while working on these projects.

### **FUTURE NEEDS OF THE DEPARTMENT:**

The Fire Department finds itself in a very difficult position for many reasons. We are sensitive to the financial impact that our organization has on the community, yet we need to be able to provide the services that the community expects and deserves from their Fire and EMS organization.

The Fire Department submitted a budget for the year 2005 that identified a number of needs of the organization. The submitted budget requested additional funds to add six new Call Force employees, and replace two pieces of apparatus that are out of service. Unfortunately, the projected increase was high and adjustments to our budget request had to be made.

We fully understand that there are many departments in the town and each of them provides a great service to the community. We also fully understand that we will not receive all of the items that we include in our budget request. More importantly, we feel strongly that we have an obligation to you, the citizen taxpayer and the beneficiary of the services, to inform you of our accomplishments during the previous year and what our needs for the future are. As this report clearly shows, the employees of your Fire Department have worked hard, put an extraordinary amount of time and effort in all areas of the Department. The work that has been completed is an excellent example of team work by the employees, Administration, the Elected Officials and you the taxpayer. Unfortunately with all that has been completed in the Department there is still a great deal of work that needs to be done. During the next year the Department will be working with the governing body on the following: developing a plan to provide 24/7 coverage; adoption of a long-term apparatus replacement program; and facility development plan. As the Town and Community continues to grow so must the Fire Department. Staffing needs will be reviewed with the governing body during 2005.

RESPONSE & ACTIVITY SUMMARY:

	2003	2004	Change
Fire	75	86	11
Rescue & EMS incidents	1006	1061	55
Hazardous condition - no fire	85	70	-15
Service Call	149	186	37
Good intent	125	121	-4
False call	244	183	-61
Severe weather & natural disaster	8	1	-7
Special incident type	0	1	1
Total Incident Count	1694	1710	16

SUMMARY:

As this report shows many people have put a great deal of time and effort into the Department. The year 2005 does not show any signs of slowing down for the Department and its employees.

The members of your Fire Department will continue to provide you with the highest level of service that we can in all areas with the resources available to us. We would like to thank each of you for your continued understanding, support and encouragement.

I would like to thank the Board of Selectmen, the Town Administrator, all Town Departments and Committees, all of our mutual aid Fire and EMS Departments and the employees of the Goffstown Fire Department and their families for all of your support of our organization.

Respectfully Submitted,

Frank Carpentino  
Fire Chief

## HISTORIC DISTRICT COMMISSION HERITAGE COMMISSION

The year 2004 has been a busy and fruitful year for the Goffstown Historic District Commission/Heritage Commission. The Commission worked with the historic architectural firm, Weller and Michal Architects, Inc., to complete the design and bid specifications for the final phase of restoration the Grasmere Town Hall. An artist's rendering of the project with the ADA compliant addition has been received and is on display at Town Hall.

The cost of the completed design was \$29,822.46, which was approximately \$5,000 under budget. This was a matching funds grant with NH Division of Historic Resources covering 60% of the cost and the Town covering 40%.

The Town of Goffstown was awarded a 2004 CLG grant from the NH Division of Historic Resources in the amount of \$19,600 for preliminary work in preparation for the addition and refurbishing the exterior front doors leading to the 2nd floor.

The Commission has worked diligently on the restoration of this grand Queen Anne Style Town Hall since the Town voted to retain its ownership in 1997. The Commission, working with the Town of Goffstown, continues seeking innovative ways to raise money and to secure grant funding to successfully complete this restoration project.

The Historic District Commission/Heritage Commission continued to watch over its three Historic Districts. There were no hearings held this past year regarding construction or demolition in any of the districts.

Respectfully submitted by,

Philip D'Avanza, Chairman

The Goffstown Historic District Commission/Heritage Commission

## INFORMATION TECHNOLOGY

The Information Age provides us with the potential to revolutionize the way we work, think, learn and live. The wide spread use and availability of information has become an important factor in maintaining worldwide economic growth and employment levels. The ability to connect with anyone, anywhere, will bring together diverse groups of people in ways never imagined. Municipalities everywhere need to develop IT based business strategies and adopt technology that allows their constituencies to connect and do business with anybody, anywhere, at any time. In order for the Town of Goffstown to prosper, it must acknowledge this potential for growth and economic diversification and respond to the challenges that accompany the rapid changes in information technology.

The Town's current IT environment is evolving to position itself to effectively and efficiently support the Town's future information needs. A strategic plan is being reviewed to better develop an appropriate IT environment that enables and empowers the Town to provide for the future prosperity of the Town of Goffstown. While the barriers faced in meeting these goals are challenging and complex, they are neither unique nor insurmountable. The IT Office believes the answer lies in careful strategic planning and seizing the advantages of new and current technology as appropriate.

### **Mission Statement**

To responsively and efficiently support customers with technical knowledge and strategy while maintaining integrity of the Town's electronic information.

### **Goal**

The Information Office will support Town operations through the application of effective and efficient computer and telecommunications technology. The office's focus is to provide the Town with the best possible service, quality and innovations.

### **Summary**

The dynamic nature of information systems and technology demands that we recognize our current needs while also planning for the future. These systems are vital to the operation of government within our community.

### **2004 Projects**

This year the IT office began the budgeting process to add a technology support staff position to assist in maintaining the Town's expanding IT infrastructure. Virtual Private Networks (VPNs) were created to connect departments throughout town for information and resource sharing. Online renewal programs for motor vehicles registrations were reviewed and tested in other communities this year. The Town of Goffstown has approved one of these programs for

implementation in 2005. This program will allow citizens to renew their motor vehicle permits/registrations from their home, office, or any public internet access point. A number of Department Head's have moved to mobile computing solutions to enable more flexible capabilities, and as usual, there were the daily activities of maintaining and upgrading Town computers, networks, software, and systems.

The Town's Geographic Information System (GIS) has been developed into a browser-based application, allowing most Town departments to access the mapping system over their intranet connection. New products were created to be available to the public. Tax, plan, and contour maps will now be available for purchase in the Land Use Office at Town Hall in AutoCAD or PDF formats.

**Tax Parcel Map**  
(Intersection of Wallace Road, Worthley Hill Road, and South Mast Street)

Neil Funcke, IT Director

## PARKS AND RECREATION COMMISSION

*Front Row L-R: J. Claude LaRoche, Susan Tucker, Barbara Larkin,  
Back Row L-R: Philip Tatro, George Havener, Dave French, Chairman Robert Draper,  
Jeffrey Tate. Absent: D. Michael McKinnon, Robert Wheeler, Jeffrey Dorow.*

The year 2004 was another busy year for the Parks & Recreation Department. Our youth basketball program continues to grow with the addition of 2 new teams in our Senior Boys Division. Our Girls Softball program has also continued to grow in participation with an additional team in our Instructional League. Our summer playground program at both Barnard and Roy Parks saw an increase in participation. We continued our Senior Citizen Trips by traveling to Plymouth Plantation and Duck Boat Tour in Boston. The Parks & Recreation Commission has continued to work on its master plan of re-vitalizing our parks with requests to do major renovation work at Barnard Park for fiscal year 2005.

I would like to take this opportunity to thank the Parks & Recreation Commission for their support of the department as well as their work in looking to the future of this department and its facilities. I would like to acknowledge Steven Paul, Groundskeeper and Anastasia Hurley, Program Supervisor for all of their efforts on behalf of the department.

I would like to extend my appreciation to all of our volunteer coaches in our youth programs. A special note of thanks to Bob Corson, David Turner, Jim Gallagher, Mike Tremblay, Doug Millard, Mike McKinnon, Matt Corson, Steve Macek, Bill Sarette, Tori Tuthill for their coaching of our youth basketball travel teams.

I would also like to thank Scout troop #99 and Dan Fallu for his efforts on behalf of the department as well as Jill Hastings and the Girl Scouts for their park beautification efforts. Also, I wish to express my appreciation to several organizations including: Uncanoonuc Mountaineers, Tri-Town Soccer, Goffstown Jr. Baseball, Goffstown Lions Club, Goffstown Rotary Club, Tae Kwon Do Karate Club, Goffstown Youth Football, Men's 30 & Over Basketball,

Respectfully submitted,  
David L. French, Director

Total	17,310	18,003	18,543	18,040

## POLICE DEPARTMENT

The police department is a full-service 24-hour per day, seven day per week department that provides the initial primary response in most emergency situations. The department handled 19,079 calls for service during 2004 and 8.2 percent increase over calls in 2003. There were 3,437 criminal and motor vehicle arrests, an average of 9.4 per day. A listing of the more significant categories of calls and arrests can be found at the end of this report.

Incidences that are extremely labor intensive to investigate and prosecute showed significant increases during the year. Domestic violence situations increased by 18. Assaults (including Safe School Act Reports) went up by 30 cases over those reported in 2003. Burglary cases reported increased by 18. An arrest was made towards the end of the year that resulted in the recovery of thousands of dollars worth of stolen property from this community and other surrounding towns. Narcotics complaints dropped from 88 in 2003 to 76 in 2004. Equally encouraging is the drop in drug cases reported on school property from 20 in 2003 to 15 in 2004.

Calls involving the illegal possession of alcohol by minors have also been reduced by 50 incidents. This reduction can be attributed to the department's zero tolerance policy, as well as creative initiatives such as "Cops in Shops" that help local merchants reduce the instances of improper sales. Although this news is good, the arrests for Driving While Intoxicated once again showed a dramatic increase from 107 in 2003 to 123 in 2004.

After a one year low, traffic crashes involving injury rose from 68 in 2003 to 88 in 2004. Overall, traffic crashes dropped from 693 in 2003 to 667 in 2004. Tragically, there was one fatality during the year involving a motorcycle.

**Personnel:** After 22 years of dedicated service Sergeant John Tuthill announced his retirement from the department to become effective January 5, 2005. John most recently was the Commander of Investigative Services and prior to that assignment was a street supervisor in the uniform division.

Through the concentrated efforts of many individuals and Town committee's the department was able to re-institute the K-9 Program after a 10 year lapse. Rex, a five-year-old German Shepard was given to the Town by the Working Dog Foundation. Officer Keith Chauvette was selected as the handler and after a transition period of training, Rex and Keith were certified as a K-9 Team by the Working Dog Foundation in October. In November, the Criminal Justice Club at the New Hampshire Vocational Technical College in Concord donated a bullet resistant vest for Rex to wear on duty.

### Programs:

The department continues its community policing initiatives, using a problem-solving model in a cooperative effort with individuals, schools, town departments, and community groups in an effort to deter and prevent incidents before they occur.

Officer Chuck Nickerson was named the new D.A.R.E. Officer allowing the department to return the program to the middle school after staffing shortages in 2003 caused it to be suspended.

In its sixth year the Citizen's Volunteer Program has been successful in assisting the department in its day-to-day operations. These trained volunteers assist the department by answering the business phones,

filing, property management and witness coordination in the District Court. The program took on additional members after the department conducted its second Citizens Police Academy. Under the direction of Detective Rob Browne and Communications Division Team Leader Lisa Sturgill, this 12-week class exposed civilians to several aspects of law enforcement and department operations.

The department coordinated another successful Halloween Safety Day and a Public Service Safety Day at Hannaford's. The Public Safety Day gave citizens the opportunity to see demonstrations by Police, Fire, and Public Works, along with the Manchester Chapter of the American Red Cross.

### COMMUNICATIONS:

The Communications Center serves as a Police, Fire and Emergency Medical Dispatch for the Town. In addition, we provide after hours communications for the Goffstown Water Department and the Department of Public Works. Also, on a contractual basis, we provide Emergency Services Dispatching for the Towns of New Boston and Weare. Goffstown realizes approximately \$45,521 in annual revenue from these contracts.

Eight communications specialists and one supervisor provide coverage 24 hours per day, 7 days per week, to staff the Center. Over 24,000 calls for service are communicated from this division each year, along with 81,000 telephone calls and 560,000 radio transmissions.

## POLICE DEPARTMENT STATISTICS FOR 2004

## PUBLIC LIBRARY

*Seated L-R: George Fullerton, Director Dianne Hathaway.*

*Standing L-R: Henry Boyle, Steve Brzozowski, Chairman Theresa Paré Curtis, Susan Plante, Susan Osborn, Absent: Barbara Griffin.*

This year brought some challenges and changes to our staff and the usual excitement with special projects and services. While we are still growing with program attendance and online usage of our services, our circulation numbers are just about what they were in 2003. We continue to struggle with the challenges of a facility that is not keeping up with the demand placed on it with regards to programs, materials, and parking. We do anticipate a leveling out of our numbers in the future and we will begin a strategic planning process in 2005 to address some of our issues and concerns.

**Staffing:** This year Assistant Director Amy Lapointe headed to the Hooksett Public Library as their new director. While we were all delighted with Amy's new position, we sent her off with sadness and tears. The staff and public transitioned quickly as we welcomed Steve Viggiano in July to take her place. Steve brings his expertise in cataloging, his desire to be a hands-on librarian, as well as his knowledge of a large technical services department at the Manchester City Library.

**Goffstown Public Library Endowment Fund:** The library's endowment fund is now in its fourth year and the quarterly profits are still being reinvested. As of September 30, 2004 the balance of the fund had grown to \$173,122.42. The Manchester Regional Community Foundation, a division of the New Hampshire Charitable Foundation, manages the Goffstown Public Library Endowment Fund. The purpose of the fund is "to support special initiatives of the Goffstown Public Library Trustees in furtherance of the mission of the Goffstown Public Library not funded by other sources."

**Automation and Web Services:** In October 2004 GMILCS, Inc. embarked on a cutting-edge service to provide live chat reference to anyone who has access to the web site of one of the twelve member libraries, including the Goffstown Public Library at [www.goffstown.lib.nh.us](http://www.goffstown.lib.nh.us). This service, called "Answers Here and Now," connects the user to a professional reference librarian for 24/7 research assistance and serves one quarter of New Hampshire's population centered in southern NH. This service is on a one-year trial for the consortium and its funding has been made possible by a Rebecca Lee Spitz Library Grant from the Saul O. Sidore Memorial Foundation.

**Programming:** We are truly programming for all ages from 18 months old with our lap sit programs all the way to the elderly who enjoy our Knitting and Crochet Club and monthly Tea Time events. We welcomed local artists Rosemary Conroy, Judy McLean and Tammy Gross as they exhibited their work and met with members of the community. The Goffstown Scrap and Stamp Club met here monthly and provided FREE workshops for those interested in this popular craft. During our annual summer reading program, "Check out a Hero," we gathered about 80 people and went to a Fisher Cats game to watch them win handily. We also joined together with the Police Department, Fire Department, Public Works Department and other organizations to host a Truck Rodeo for kids to meet their own local heroes. We embarked on a monthly "Indie Film Night" that proved to be popular with the community even though showing films means a rearrangement of the entire third floor! Add to this our first Prom Preview at the Goffstown High School in conjunction with their annual fashion show and our regular story time and adult programs, and we have some tired, happy librarians.

**The Vietnam Moving Wall:** The Goffstown Public Library was selected in 2004 by the Vietnam Combat Veterans, Ltd. to host the official Vietnam Moving Wall during July 2005! Sandy Whipple is the catalyst and heart of this project and we are all excited and thrilled to have been selected as well as humbled to bring this amazing memorial to Goffstown. The Wall will be on display at the Goffstown High School practice field July 9-16 and will truly be a community event we will all be proud of.

As usual we would not be half as successful without the dedication and hard work of our library staff: Steve Viggiano, Marsha McKay, Sandy Whipple,

Jessica Stevens, Sharon Archambault, Debra Durant, Diane Lewis, Barbara Schuler, Katie Blackford, Fred Sites, Mackenzie Hamilton, Nick Levesque, Jessica D'Avanza, Erika Hamel, and Angelo Camberis. They are the heart and soul of your library and we all look forward to seeing you in 2005.

Respectfully Submitted,  
Dianne G. Hathaway, Library Director

## PUBLIC WORKS

2004 has been a very productive year for Public Works. We completed backlogged projects from prior years such as the First Avenue Drainage Swale Project and the in-house reclamation of Hoyt Road, Raymond, Lucille and Plimpton that were all carried from 2003. We also completed all of the departments paving and road projects that were scheduled for 2004. We rented an excavator last year and utilizing our own staff operator were able to begin adding in-house reclamation to our repertoire of tools to accomplish the road plan list with the cost constraints of the program. We also were able to reclaim Orchard Hill Road and Eagles Nest as well as complete the section of sidewalk on Mast Road in Pinardville from Shaw's to Hannaford. As far as the contracted reclamation work, we completed a section of Tirrell Hill Road, and Mountain Base Road. We also began the First Avenue Neighborhood, which is our most extensive project to date. This work will continue into 2005 and includes utility rehabilitation being done in cooperation with the Sewer Commission and the Goffstown Village Water Precinct.

Below is the updated graph tracking the Pavement Condition Index, which is the measure of the average condition of the road network in town. As you can see, the investment we are making in the Road Plan is working but there is still considerable work to be done.

We also spent a considerable amount of time working on closing out old subdivision projects and working on updating our development regulations to address the new requirements of the EPA- NPDES Phase II rules.

The Solid Waste Commission worked closely with DPW to implement the new recycling and hauling programs. Their report summarizes the success of the new recycling program. DPW provided much of the site work to help the

construction of the new building come out on schedule and on budget. Also, the success of the new solid waste collection and hauling programs depends heavily on the support of the public works drivers who fill in on those trucks when needed. Hauling our own waste has led to significant savings for the community and given the department a degree of flexibility that we did not have in the past.

Unfortunately, once again we had to spend a significant amount of time and money on repairs to the landfill cap down chutes. The landfill cap will require considerable ongoing maintenance just due to the nature of the function that it provides. However, the ball fields continue to be a great asset to the community and it was an honor to be present at the dedication of the fields to the memory of John Sarette. We also continued our work in the Cemeteries in cooperation with the Cemetery Trustees. You can see their report for the details.

The amount of major projects completed did not detract from our continued response to calls that come into Public Works. In 2004 we received 731 work requests. These are evaluated, prioritized and dealt with as soon as we are able. Often times they involve more than meets the eye to complete. Of the calls we received in 2004 we resolved 667 of them. We also completed 95 service call cards that were backlogged from prior years.

In closing I would like to take the opportunity to thank the many dedicated and truly professional employees that make this department function so well. Every spring we meet to try to figure out how we can possibly accomplish all of the work that needs to be done each year. Miraculously, each year we find a way to get it done. I would like to especially thank Carole LaBrie, who retired from service as the department's secretary after serving for more than 25 years for the Town.

Submitted By,

Carl L. Quiram, P.E.  
Director

## SOLID WASTE COMMISSION

It was a productive year for the Committee. Volunteers Andy Roy and J.R. Champagne joined, and Kilton Barnard and Eugene Haselton resigned after many years of faithful service. With the sudden passing of John Sarette, Bruce Hunter became the new Selectman Representative.

The strong recycling promotion begun in 2003 was successful with the passage of the *single-stream recycling* article on the ballot in 2004. Voters approved a new building to house recyclable materials, a new state-of-the art recycling truck, and "Big Blue", a 65 gallon tote the same as the trash tote, but distinctive in color. Single stream recycling and curbside collection by the Town

of Goffstown has already saved over \$130,000 per year, just in the first few months of operation, and savings are expected to increase over time. The new method requires no bagging or separation and now permits many more types of recyclables to be commingled. Of 8,070 tons of refuse materials picked up by DPW, 1,759 tons have been diverted to recycling, and the remainder, 6,311 tons, is trash. For each additional ton that can get diverted to recycling, \$40 is saved by the residents, which would have a direct impact on the tax rate.

The Treasure Trailer was closed in 2003 and removed to make way for the new Recycling Materials building. Under a contract with a Canadian firm, Haycore, a semi trailer is loaded with the recyclables, and when full, taken to Canada to be recycled.

The previously approved glass reuse pilot program has also been a success. About 1,500 tons of mixed glass has been accepted and processed to date. The NRRA sponsored pilot program allows the Transfer Station to accept mixed glass from neighboring communities. Accumulated glass is ground into a fine aggregate and used by Public Works as road base. The Transfer Station is reimbursed for operating costs, and Public Works gets free drainage material.

Another pilot project to recycle electronic equipment began in October 2004. TVs, radios, computers, and other electronic devices are placed in a trailer conveniently located at the Transfer Station. At this time, no charge is made. The purpose is to keep hazardous materials from the general waste stream.

Single Stream Recycling Truck and Collection

## SOUTHERN N. H. PLANNING COMMISSION

The Southern New Hampshire Planning Commission has a wide range of services and resources available to help the dues-paying members deal with a variety of municipal issues. A professional staff provides technical assistance. The SNHPC staff's expertise is, when necessary, supplemented by consultants, who are selected for their specialized skills or services, provides technical assistance. Each year, with the approval of the Town's appointed representatives, the Commission staff designs and implements programs of area-wide significance that are mandated under New Hampshire and federal laws or regulations, as well as local projects which would pertain more exclusively to your community.

Technical assistance is provided in a professional and timely manner by staff at the request of the Town's Planning and Economic Development Coordinator and/or the Town Administrator. The Commission conducts planning studies and carries out projects that are of common interest and benefit to all member communities, keeps your officials apprised of changes in planning and land use regulation.

Services that were performed for the Town of Goffstown during the past year are as follows:

- Co-Sponsored the Municipal Law Lecture Series. Goffstown officials attended these meetings.
- Provided comments on the Traffic Impact Study for the Catamount Ridge residential subdivision.
- Provided comments on a proposed industrial development (Pond View Park).
- Collected HPMS data for selected locations, as requested by the New Hampshire Department of Transportation.
- Conducted traffic counts at twenty-six (26) locations. Data was forwarded to the Planning and Economic Development Coordinator.
- Mapped all sewer and water lines for town.
- Conducted National Flood Insurance Program Community Assistance Visit with Planning, Zoning and Building Department staff on behalf of the Federal Emergency Management Agency.
- Completed the Goffstown Hazard Mitigation Plan, The plan received final approval from FEMA, and was adopted by the Town Council on February 23, 2004.
- Hosted a NFIP Digital Flood Insurance Rate Map workshop, which was attended by the Town's Building Inspector and Zoning Officer.

Goffstown's Representatives to the Commission are:

Henry C. Boyle, Arthur W. Rose, Robert L. Wheeler, Executive Committee Member, Barbara J. Griffin, Alternate

## SUPPORT SERVICES REPORT

This office holds four major areas of responsibility: Facilities Management, administration of the General Assistance program, Administrative Liaison to three town committees and Special Projects Management.

**FACILITIES MANAGEMENT:** The Assistant Town Administrator is charged with managing both the Goffstown and Grasmere Town Halls. Work continues at Goffstown Town Hall's permanent records storage area where reorganization has moved forward steadily. We are beginning to more accurately determine our storage space requirements, as the town offices begin their annual cycle of purging stored records that have expired per State law and storing current records. We are investigating a universal filing system for the town offices that would require less file space.

Weller & Michal, Architects, Inc. of Keene, NH, completed architectural plans and construction cost estimates for construction of the handicapped accessible addition and renovation the second floor auditorium of the Grasmere Town Hall. This project was funded through a grant from the New Hampshire Division of Historic Resources.

The Town Hall replaced their 20-year old 4 Kw emergency generator with a new 30 Kw propane generator that will provide back up electrical current for emergency needs at the Town Hall for up to 48 hours on one fuel supply.

**GENERAL ASSISTANCE:** The Town of Goffstown, along with the other municipalities in New Hampshire, has the responsibility of relieving and maintaining any persons in town who are poor and unable to support themselves. Assistance with the necessities of life is provided through a voucher system and eligibility is determined according to guidelines established by the Board of Selectmen. This community is truly fortunate in having a large number of individuals, organizations and businesses that help in this effort. The groups that regularly assist their fellow townspeople include Goffstown Salvation Army, Goffstown Network, St. Joseph Community Center, Vestree Shop, Goffstown Outreach Program, Clergy Association, Lions Club and St. Matthew's Outreach program.

**SPECIAL PROJECTS:** The Assistant Administrator's office received another matching grant in December to help with the construction phase of the Grasmere Town Hall project and has recently collaborated with the Main Street Program on a grant application that would offer potential tax credits to selected commercial properties that undergo major rehabilitation to buildings.

Respectfully submitted,  
Jim Bingham, Assistant Town Administrator

## TOWN CLERK

We have seen many new residents moving in to our town and automobile registrations continue to increase. If you wish to avoid waiting in a line, you may take advantage of our mail-in renewal registration program. Renewal notices are sent out by the 25<sup>th</sup> of the month prior to your registration expiration. Registrations are processed in the order in which they are received. Currently, the mail-in response rate is approximately 33%.

Please read the instructions on the notice carefully. You must send two checks and a self-addressed stamped envelope. If you wish to receive your decals from us, there is a \$2.50 processing fee. If you deduct this fee from the amount shown on your mail-in renewal form, you will have to finish your renewal registration at a State Motor Vehicle office. The State does not allow mail-in forms to be forwarded so please remember to change your address even if you are moving within the Town of Goffstown. We do not do quotes or release any information over the phone because of the privacy laws. We will no longer renew a motor vehicle registration unless you have your previous registration or the mail-in renewal form. If you are a new resident, you must bring proof of residency with you and you must bring your previous registration.

We are continually trying to provide additional services to make your life a little easier. We began doing boat registrations as of January 2004, which will bring additional revenue to the Town. There is a \$1.50 processing fee. Please be sure to bring your state renewal form and your driver's license.

The 911 report coming out of Washington DC and being signed by the President is driving many issues relative to obtaining vital records (birth, death and marriage certificates) as well as security issues regarding motor vehicle information. Staff recently attended a required "Privacy Act" training class. We will be tightening up our policy and will be requiring additional proof of identification in order to comply with the state policies. You may refer to NH RSA #260:14 for more information on this subject as it relates to motor vehicles and RSA 5C-16 and 170-B II.

There will be one election on March 8, 2005 for town and school issues. Should the proposed Town Charter article pass, a special election will need to be held within 90 days to elect councilors, Zoning Board of Adjustment and budget committee members.

Residents may register to vote at the Town Clerk's office during regular office hours. Residents may also register to vote when the Checklist Supervisors are in session. These sessions are posted and notice given in the *Goffstown News*. Residents may also register to vote on election day in the appropriate polling district. Proof of residency is required in the form of a photo identification, such as a New Hampshire driver's license, with the Goffstown address imprinted on it. Without such imprinted address, a second proof of residency will be required (i.e. – utility bill, lease agreement). Please remember to complete address change forms (available in the Town Clerk's office) even if

you move within the Town of Goffstown. Your polling location may be affected by your move. Goffstown has two voting districts.

District 1 - Goffstown Area High School, 27 Wallace Road, Goffstown: Includes those residents living in the Goffstown Village area and the Grasmere area (from Route 114/114A intersection westerly to the Weare, New Boston and Dunbarton town lines and includes residents on the east side of the Piscataquog River.

District 5 – Bartlett Elementary School, 689 Mast Road, Pinardville: Includes residents from the Route 114/114A intersection to the Piscataquog River and easterly to the Manchester line.

2004 was an extremely busy year with five (5) elections. I would like to thank the election workers, Checklist Supervisors, Jerry Agate of SAU 19, Marc Tessier and the employees at the Public Works and Police Departments for all their hard work throughout this year. Without their help, it would be impossible for me to manage town's election needs.

Residents are reminded that State law mandates that all dogs over the age of four (4) months must be licensed annually. Dog licenses are effective May 1 to April 30 of the next year regardless of when the license is issued. Failure to comply results in a penalty of \$1.00 per month after May 31<sup>st</sup> and you may be subject to a \$25.00 unlicensed dog fine. A puppy needs to be registered as soon as it receives its first rabies shot. Dog registration fees are \$6.50 for a spayed/neutered animal and \$9.00 if they have not been neutered. Residents must present a current rabies certificate and certificate of neutering (if applicable) in order for the Town Clerk to process a dog license.

You may renew your dog's registration via mail. You must send a copy of the rabies certificate showing the rabies expiration date and tag number. Also be sure to enclose a self-addressed stamped envelope and your check payable to the Town of Goffstown.

The Town Clerk's office is regulated by many RSAs as well as State Administrative Rules. The policies established in the Town Clerk's office are not done to inconvenience you but are for your protection. The staff in the Town Clerk's office is here to help you in any way we can. Feel free to call us if you have any questions.

Respectfully submitted,  
Donna A. Bergeron, Town Clerk

## ZONING BOARD OF ADJUSTMENT

*Seated L-R: Henry Grady, Anthony Marts, Chairman, Marie Boyle.  
Standing L-R: William Wynne, Derek Horne, Zoning Code Officer, & Wayne  
Richardson. Absent: Richard Georgantas, Julie Grandgeorge, Gail Lebreque*

Goffstown's Zoning Ordinance is intended to provide a framework for the development of private property consistent with the Town's view of how it should grow. This framework is supported by the policies identified in the Master Plan, the Route 114 Corridor Study and other studies and reports adopted by the Planning Board. Since March 14, 1961, the date Goffstown adopted its first Zoning Ordinance, the Goffstown Zoning Board of Adjustment (ZBA) has acted as an interpreter of the Ordinance, as well as a safety valve against overly strict application of the Ordinance. In that regard, it is established for the protection of private landowners and the community in a planning process, which is not an accurate science and is often in flux. The ZBA hears requests for variances, special exceptions, equitable waivers of dimensional requirements, and appeals from decisions made by the Code Enforcement Officer, the Planning Board, and the Historic District Commission as they relate to application of the Zoning Ordinance.

As New Hampshire has grown, and that growth has affected Goffstown, land use and zoning issues have become more complex and the cost of development has risen. As a result, parties are much more inclined to resort to litigation to press their agendas for or against specific projects and growth in general. The

ZBA is put in the position of attempting to apply the Zoning Ordinance as applicable state law allows, while balancing the perceived needs of and impacts on the community and abutters with the rights of landowners. The New Hampshire Supreme Court has, over this past year, significantly changed the standards to be applied by the ZBA as it too deals with the impact of growth on the State and the litigation between private parties seeking to determine their rights to development versus countervailing desires to limit growth.

A homeowner seeking to build a deck or garage or add an addition to their home is sometimes frustrated by the need to come to the ZBA to seek a variance to do what may otherwise be prohibited under the Zoning Ordinance. These seemingly minor and incremental issues do contribute to the growth and density of our Town and provide a background against which the ZBA is required to deal with other requests which may not seem so minor; such as industrial, commercial and residential development. A sure balance is not easy to maintain as our community grows and diversifies.

Unfortunately, the Zoning Ordinance and State law, which allow its enforcement, do not often provide clear answers or any bright line test to determine which developments are allowed and which should be restricted. The ZBA strives to hear all sides and apply the law to each case.

Our thanks go out to Derek Horne, our Code Enforcement Officer, who is charged with maintaining our agenda and assuring the efficient work of the ZBA. We have also seen a number of members resign due to work requirements or relocation, including Diane Shakra and Denise Renk (as well as Mike Pelletier who is still deployed in Iraq). Thanks to each of you for your service. We also welcome Wayne Richardson, Gail Lebrecque and Julie Grandgeorge as our newest members. The ZBA meets at 7:00 p.m. on the first Tuesday of each month at Town Hall.

Respectfully Submitted,  
Anthony Marts, Chairman

## GOFFSTOWN SEWER COMMISSION

*Seated L-R: Administrative Assistant Marilyn Hozeny, Chairman James Bouchard, Paul LaPerle, Standing L-R: Selectman Bruce Hunter, Mike Yergeau and Mike Walton. Absent: Stephen Crean*

Early spring a contract was awarded to Flow Assessment Services LLC to conduct a survey and flow study of the wastewater system in the Summer Street and First Avenue neighborhood. This survey determined those areas where inflow (water from roof drains, sump pumps etc) was entering into the wastewater system. In addressing the problem the Department of Public Works and the Sewer Commission entered into a joint project. A contract was awarded to John E. Neville Excavating, Inc. for the reclamation/reconstruction of the First Avenue neighborhood. Once completed, storm water that presently enters into the wastewater system will be diverted to the Town's drainage system. This should reduce, to some extent, the inflow/infiltration that the wastewater system is presently experiencing.

A public hearing was held in June with the residents of Lynchville Park and Danis/Dumont Park to discuss the expansion of the wastewater system into those areas. Ballots and Sanitary Surveys were mailed to all residents. Upon evaluation the project was scheduled in the Capital Improvement Program for 2006.

Thirty new properties were connected to the municipal wastewater system bringing a total of 1,974 properties being serviced. Throughout the year several large projects were presented to the Commission for review including the renovation of the mill on Factory Street, a three bay car wash, and a proposed retail development on Mast Road. Additionally, the Commission continues to

meet with the Economic Development Council to discuss their present and long-range wastewater requirements. With the Town's continuing growth the Commission, using their Facility Plan as a guideline, will strive to meet the developmental needs of the Town within the service areas.

The Commission was created in 1956 and is comprised of a three member elected board. Pubic meetings are held the second Tuesday of the month at the Town Hall. Individuals requesting to be on the agenda should contact the Sewer Commission's Office (603 497-8992 Extension 116) to schedule an appointment.

Respectfully submitted,

Stephen R. Crean, Chairman

# GOFFSTOWN VILLAGE WATER PRECINCT

Many important projects were contemplated for this year, and as part of future planning. The first phase of water main replacement at Ledgewood on Summer Street from First Avenue to Whipple Lane is complete. The second phase is due to be done in 2005. Our satellite system at Mountain Laurel Estates was upgraded with a new filtration system that required much attention to bring it on line with proper treatment for water from on site wells. We are also studying the possibility of moving to larger quarters. Several options are involved. The Water Commissioners meet at our 11 East Union Street office on the second Tuesday of each month.

Respectfully submitted,

Allen D. Gamans, Chairman

## **2005 WARRANT FOR THE ANNUAL MEETING MARCH 21, 2005**

To the inhabitants of the Goffstown Village Precinct qualified to vote on Precinct affairs. You are hereby notified to meet at the Goffstown Town Hall in said Goffstown, in said Precinct, on Monday, March 21, 2004, at 7:00 in the evening to act upon the following articles:

### **ARTICLE I**

To choose all necessary officers for the ensuing year, including a Moderator and Clerk.

### **ARTICLE II**

To elect one (1) member to the Board of Commissioners for a term of five (5) years.

### **ARTICLE III**

To see if the Precinct will vote to accept the report of the Board of Water Commissioners to appropriate the sum of Six Hundred and Twenty-Five Thousand, Six Hundred Thirty-six Dollars for the ensuing year.

(Approved by the Board of Commissioners)

### **ARTICLE IV**

To see if the Precinct will vote to appropriate Two Hundred Thousand Dollars from undesignated fund balance to construct an office building on No. Mast Street on a parcel of land already owned by the Precinct. (This amount not included in Budget amount in Article III)(Approved by the Board of Commissioners)

### **ARTICLE V**

To hear the reports of the various officers of the Precinct and to pass any vote relative thereto.

## ARTICLE VI

To transact any other business that may lawfully come before the meeting.

Given under our hand and seal this 4th day of January 2005.

Richard Fletcher, 2009

Allen Gamans, Jr., 2005

Raymond Taber, 2006

Richard Coughlin, 2007

## GRASMERE VILLAGE WATER PRECINCT

This past year has been a quiet one for the Grasmere Village Water Precinct. We have managed to get through the year without any major breaks in the system and with the regular maintenance work done during the past year the system is in good shape. There have been only a few requests for connections to our existing lines.

The next major project for the Precinct is the extension of the main from the Manchester line on the Back Road to our present main near the entrance to Medford Farms. We will also be improving the old water main which runs along Mast Road from Henry Bridge Road to Greer Road.

Your continued support of the officers who have endeavored to make the Precinct function and give all members of the Precinct good service is greatly appreciated. Thank you one and all.

Arthur W. Rose, Jr.,  
Chairman of the Board

## 2005 WARRANT

To the members of the Grasmere Village Water Precinct in the Town of Goffstown, in the County of Hillsborough, in the State of New Hampshire; you are hereby notified to meet in the Grasmere Grange Town Hall in the Village of Grasmere at seven-thirty p.m. (7:00 p.m.) o'clock in the evening on Wednesday, March 23, 2005 to act on the following articles:

### ARTICLE #1

To choose a Commissioner for the years 2005 and 2006.

### ARTICLE #2

To choose a Moderator for the years 2005 and 2006.

### ARTICLE #3

To see if the Precinct will vote to approve the budget as proposed by the Commissioners and approved by the Town Budget Committee to appropriate the sum of two hundred sixty-nine thousand, eight hundred and fifty dollars (\$269,850) for the ensuing year.

### ARTICLE #4

To hear the reports of the treasurer and clerk for the year 2004.

### ARTICLE #5

To act upon any unfinished business from the previous meeting.

### ARTICLE #6

To discuss and act upon any other business, which may rightfully come before said meeting.

**This is the Precinct's annual meeting and it is hoped that all members of the Grasmere Village Water Precinct will attend and support the Precinct.**

Arthur W. Rose, Jr.

William Swanson

Peter Georgantas

Commissioners of the Grasmere Village Water Precinct

# 2005 TOWN OFFICIAL BALLOT

MARCH 8, 2005

## ARTICLE 1 ELECTION OF OFFICERS

### SELECTMEN

For 3 Years	Vote for not more than One
Vivian Blondeau	<input type="checkbox"/>
Philip A. D'Avanza	<input type="checkbox"/>
Victoria U. Gailinas	<input type="checkbox"/>

### SELECTMEN

For 1 Year	Vote for not more than One
Richard Gamache	<input type="checkbox"/>
William E. Gordon	<input type="checkbox"/>
Gossett W. McRae	<input type="checkbox"/>

### BUDGET COMMITTEE

For 3 Years	Vote for not more than Four
Eric Geissenhainer	<input type="checkbox"/>
Suzanne Tremblay	<input type="checkbox"/>

### CEMETERY TRUSTEES

For 3 Years	Vote for not more than One
Linda Reynolds Naughton	<input type="checkbox"/>

### LIBRARY TRUSTEES

For 3 Years	Vote for not more than Three
Henry C. Boyle	<input type="checkbox"/>
Steve Brzozowski	<input type="checkbox"/>
Susan Plante	<input type="checkbox"/>
Calvin D. Pratt	<input type="checkbox"/>

### LIBRARY TRUSTEES

For 1 Year	Vote for not more than One
George Fullerton	<input type="checkbox"/>
Arnold Wajenberg	<input type="checkbox"/>

### PLANNING BOARD

For 3 Years	Vote for not more than Two
Joseph M. Beauchemin	<input type="checkbox"/>
Lowell Von Ruden	<input type="checkbox"/>

### SEWER COMMISSION

For 3 Years	Vote for not more than One
Stephen R. Crean	<input type="checkbox"/>

### TOWN CLERK

For 3 Years	Vote for not more than One
Donna Bergeron	<input type="checkbox"/>
Karen Johnson	<input type="checkbox"/>

### TOWN TREASURER

For 3 Years	Vote for not more than One
Jean Mayberry	<input type="checkbox"/>

### TRUSTEES OF TRUST FUNDS

For 3 Years	Vote for not more than One
Earl S. Carrel	<input type="checkbox"/>

### TRUSTEES OF TRUST FUNDS

For 1 Year	Vote for not more than One
George A. Collins	<input type="checkbox"/>

## **ARTICLE 2**

Shall the town adopt Amendment #1 as proposed by the Planning Board, amending the Tables of Dimensional Regulations, combining the existing tables and including the regulation of multi-family housing by density and adding maximum allowed building footprints?

*Recommended by the Planning Board*

## **ARTICLE 3**

Shall the town adopt Amendment #2 as proposed by the Planning Board, amending various requirements by making editing changes to sections relating to condominiums, accessory structures locations, modifying sign sizes and requirements, specifying shared parking requirements, deleting light projection permitting, updating manufactured homes and manufactured home park requirements, editing flood hazard districts requirements in conformance with flood hazard insurance requirements, editing deadlines as requested by the ZBA, and editing wetland definition, board membership, and impact fees in accordance with state law?

*Recommended by the Planning Board.*

## **ARTICLE 4**

Shall the town adopt Amendment #3 as proposed by the Planning Board, amending Sections 3.10, Table of Permitted Uses and Section 3.11, Table of Accessory Uses, and related provisions, combining uses and editing definitions for clarification?

*Recommended by the Planning Board.*

## **ARTICLE 5**

Shall the town adopt Amendment #4 as proposed by the Planning Board, amending the table of permitted uses so that industrial parks would no longer be a permitted use by Special Exception in the Agricultural (A) district?

*Recommended by the Planning Board.*

## **ARTICLE 6**

Shall the town adopt Amendment #5 as proposed by the Planning Board, establishing a new Commercial Industrial Flex Zone (CIFZ) district and its regulations, in accordance with the Route 114/114A Corridor Management Plan?

*Recommended by the Planning Board.*

ARTICLE 7

Shall the town adopt Amendment #6 as proposed by the Planning Board, changing the zoning on various parcels to implement the Route 114/114A Corridor Management Plan by changing the zoning from Agricultural (A), Commercial (C) and Industrial (I) to the new Commercial Industrial Flex Zone (CIFZ) on properties between the Tatro Drive industrial area and Henry Bridge Road, on the following map/lots?

5/43	5/46	5/51A	6/33-1	6/42	26/1	26/5
5/44	5/47	5/52	6/40	6/43	26/2	26/7
5/44-1	5/49	5/53	6/41	6/44	26/2A	26/20
5/45	5/51	5/54	6/41A	6/45	26/3	26/24
5/58	5/48	5/49	5/49-1	26/6	26/6-2	26/22
5/47	5/56-1	5/56-4	26/8-1	26/10A	26/13	26/23
5/49	5/56-2	5/56-5	26/9	26/11	26/13A	26/24
5/56	5/56-3	5/562P	26/10	26/12	26/21	

*Recommended by the Planning Board.*

ARTICLE 8

Shall the town adopt Amendment #7 as proposed by the Planning Board, changing the zoning from Industrial (I) to Agricultural (A), property fronts on Normand Road, on the following portion of a map/lot?

5/62M					
-------	--	--	--	--	--

*Recommended by the Planning Board.*

ARTICLE 9

Shall the town adopt Amendment #8 as proposed by the Planning Board, changing the zoning from Commercial (C) to Village Commercial (VC) located within the Goffstown village center, on the following maps/lots?

34/85	34/148	34/155			
-------	--------	--------	--	--	--

*Recommended by the Planning Board.*

ARTICLE 10

Shall the town adopt Amendment #9 as proposed by the Planning Board, changing the zoning from Industrial (I) to Village Commercial (VC) on the south side of Depot Street, within the Goffstown village center, on the following map/lots?

34/71	34/72	34/73			
-------	-------	-------	--	--	--

*Recommended by the Planning Board.*

**ARTICLE 11**

Shall the town adopt Amendment #10 as proposed by the Planning Board, changing the zoning from Industrial (I) to Commercial Industrial Flex Zone (CIFZ) along Depot Street and the Piscataquog River in Goffstown's village center, on the following map/lots?

34/75	34/76A	34/90	37/1	37/4	37/6
34/76	34/76B	34/94	37/3	37/5	37/7
34/95					

*Recommended by the Planning Board.*

**ARTICLE 12**

Shall the town adopt Amendment #11 as proposed by petition of the voters of Goffstown, to change the zoning on map 6, lot 47 (103 Center Street) from Residential-1 (R-1) and Agricultural (A) to Agricultural (A)?

*Submitted by petition.*

*Recommended by the Planning Board.*

**ARTICLE 13**

Shall the town adopt Amendment #12 as proposed by petition of the voters of Goffstown, to change the zoning on map 5, lot 93 (92 Wallace Road) from Agricultural (A) to Residential-1 (R-1)?

*Submitted by petition.*

*Not recommended by the Planning Board.*

**ARTICLE 14**

Shall the town adopt Amendment #13 as proposed by petition of the voters of Goffstown, to change the existing appointed 5-member Zoning Board of Adjustment (ZBA) to a 5-member elected board?

*Submitted by petition.*

*Recommended by the Planning Board.*

**ARTICLE 15**

Shall the town adopt the Planning Board Article to designate Prime Wetlands, a local option under RSA 482-A:15, as delineated by Town of Goffstown Prime Wetlands Study and Mapping by Vanasse Hangen Brustlin, Inc., and dated December 2004, and as recommended by the Goffstown Conservation Commission?

*Recommended by the Planning Board.*

## ARTICLE 16

Shall the Town of Goffstown raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling sixteen million one hundred sixty one thousand five hundred fifty dollars (\$16,161,550)? Should this article be defeated, the operating budget shall be fifteen million three hundred fifteen thousand five hundred thirty dollars (\$15,315,530), which is the same as last year, with certain adjustments required by previous action of the Town of Goffstown or by law or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI, to take up the issue of a revised operating budget only.

NOTE: This article (operating budget) does not include appropriations in any other warrant article.

***Recommended by Selectmen and Budget Committee.***

## ARTICLE 17

Shall the Town raise and appropriate the sum of One Million Eight Hundred Sixty Five Thousand dollars (\$1,865,000) for the purpose of implementing the current phase of the road improvement plan? The road improvement plan has been part of the CIP process since 2002 and the annual appropriations for the plan have been approved as Special Articles since 2002. This article is designated as a Special Article pursuant to RSA 32:3, VI (d). (This appropriation is in addition to Article 16.)

***Recommended by Selectmen and Budget Committee.***

## ARTICLE 18

Shall the Town raise and appropriate Eighty Thousand Dollars (\$80,000) to be deposited into the Conservation Capital Reserve Fund which was established in 2003 pursuant to RSA 35:1 for the purpose of land acquisition, easements and/or land rights for conservation purposes? (This appropriation is in addition to Article 16.)

***Recommended by Selectmen and Budget Committee.***

## ARTICLE 19

Shall the Town raise and appropriate fifteen thousand dollars (\$15,000) for the purpose of funding the nonprofit Goffstown Main Street Program, Inc.? (This appropriation is in addition to Article 16.)

***Recommended by Selectmen and Budget Committee.***

## ARTICLE 20

Shall the Town establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of restoring the Grasmere Town Hall and to raise and appropriate the sum of One Hundred Thousand dollars. (\$100,000) to be deposited in this fund? (This appropriation is in addition to Article 16.)

*Recommended by Selectmen and Budget Committee.*

## ARTICLE 21

Shall the Town appoint the Selectmen as agents to expend from the Grasmere Town Hall Capital Reserve Fund as provided by RSA 35:15?

*Presented by the Board of Selectmen.*

## ARTICLE 22

Shall the Town of Goffstown approve the new charter recommended by the charter commission? Copies of the proposed Charter can be found in its entirety at any municipal building or at the town's website: [www.ci.goffstown.nh.us](http://www.ci.goffstown.nh.us). The following chart summarizes the current form of government and the major changes in the proposed charter.

	CURRENT	PROPOSED CHANGES
GOVERNING BODY	5 Selectmen	7 Councilors
LEGISLATIVE BODY	Voters at Deliberative & Official Ballot Sessions pursuant to NH RSA 40:13	Voters at a budgetary town meeting; Voters on official ballot for budgets and zoning; Councilors for all other issues
ADMINISTRATION	Selectmen /Town Administrator	Town Manager
CEMETERY TRUSTEES	Elected	Appointed
ZBA	Members Appointed	Members Elected
BUDGET COMMITTEE	12 elected members	9 elected members
BOND PASSAGE	3/5 (60%) majority vote	2/3 (66 <sup>2</sup> / <sub>3</sub> %) majority vote
DEFAULT BUDGET	set by Board of Selectmen	set by Budget Committee
PETITIONS	All Petitions (Appropriation Zoning, other): 25 registered voters.	Petitions: Appropriation, Zoning Initiative Petitions: 50 registered voters Referendum Petitions: 500 registered voters Recall Petitions: 250 registered voters

### **ARTICLE 23**

Shall the Town amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than \$1,200? The \$1,200 limit on the excludable amount of remuneration paid in a calendar year for the services specified in this modification will be subject to adjustment for calendar years after 2002 to reflect changes in wages in the economy without any further modification of the agreement, with respect to such services performed during such calendar years, in accordance with Section 218(c)(8)(B) of the Social Security Act.

*Presented by the Board of Selectmen.*

### **ARTICLE 24**

Shall the Town authorize the Board of Selectmen to transfer ownership of approximately 20 acres of Map 5 Lot 14 to the Goffstown School District for the purpose of building a school on such terms and conditions as the Selectmen deem appropriate and to authorize the Selectmen to execute any and all documents to implement this conveyance?

*Presented by the Board of Selectmen.*

### **ARTICLE 25**

Shall the Town require the Board of Selectmen to obtain voter approval before granting any easement, license or other encumbrance on Town Owned property?

*Submitted by Petition.*

### **ARTICLE 26**

Shall the Town deposit 50% of the revenues collected pursuant to RSA 79-A (the land use change tax) in a conservation fund, established under RSA 36-A:5, in accordance with RSA 36-A:5 III as authorized by RSA 79-A:25 II, said funds to be used for conservation land and easement acquisition and costs associated therewith?

*Submitted by Petition.*

### **ARTICLE 27**

Shall the Town reaffirm the practice of and to maintain the current Fire Based Emergency Medical Service (Ambulance) for the Town of Goffstown?

*Submitted by Petition.*

### **ARTICLE 28**

Shall the Town direct the Board of Selectmen to prepare and present a plan that proposes 24 hour Fire and EMS staffing of at least one (1) fire station seven (7)

days per week? This plan shall include the use of a system that utilizes full-time and call force employees working a regular work schedule not to exceed 45 hours per week. The proposed plan shall be all-inclusive and be presented as part of the Towns 2006 Budget process. The proposal shall have an effective date of July 1, 2006 as the start date of this staffing system.

***Submitted by Petition.***

## **ARTICLE 29**

Shall the Town raise and appropriate the sum of money not to exceed Three Hundred Eighty Five Thousand (\$385,000) Dollars to replace one (1) piece of Emergency Fire Apparatus? (This appropriation is in addition to Article 16.)

***Submitted by Petition.***

***Not recommended by Selectmen or Budget Committee.***

**OFFICIAL BALLOT**  
**SCHOOL DISTRICT ELECTION**  
**GOFFSTOWN, NEW HAMPSHIRE**  
**March 8, 2005**

**ARTICLE 1**

To choose all School District officers for the ensuing years:

For 3 Years Vote for not more than Three

Philip Pancoast ☐

Karen Pratt ☐

Sara Ann Sarette ☐

**ARTICLE 2**

Shall the School District raise and appropriate the sum not to exceed ONE HUNDRED EIGHTY-SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$187,500.00) for the payment of architectural, construction, and other fees and related incidental and necessary costs for the purpose of expanding parking and field facilities for the Goffstown High School; said appropriation to be funded as follows:

\$187,500.00, (One Hundred Eighty-Seven Thousand Five Hundred Dollars) from existing Town of Goffstown School Impact Fee Funds  
- 0 - (Zero Dollars) to be raised through taxes.

This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.)

*(The School Board recommends this Article.)*

*(The Budget Committee recommends this Article.)*

**ARTICLE 3**

Shall the School District raise and appropriate the sum not to exceed TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) for the payment of architectural and other fees and related incidental and necessary costs for the purpose of a study of the Bartlett Elementary School facility. This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.)

*(The School Board recommends this Article.)*

*(The Budget Committee recommends this Article.)*

#### ARTICLE 4

Shall the School District create a capital reserve fund under the provisions of RSA 35:1, to be known as the Bartlett Elementary School Facilities Fund, for the purpose of funding improvements to the school facility. Furthermore, to fund this trust fund from the year end undesignated fund balance available on July 1 of 2005, with an amount not to exceed THREE HUNDRED THOUSAND DOLLARS (\$300,000.00); or to take any other action in relation thereto. This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.)

*(The School Board recommends this Article.)*

*(The Budget Committee recommends this Article.)*

#### ARTICLE 5

Shall the school board be authorized to accept on behalf of the district, and for its benefit, without further action by the voters, gifts, legacies and devises of real or personal property, which may become available to the district during the fiscal year (Majority vote required).

*(The School Board recommends this Article.)*

#### ARTICLE 6

Shall the Goffstown School District raise and appropriate as an Operating Budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein totaling TWENTY NINE MILLION FIVE HUNDRED SIXTY SIX THOUSAND NINE HUNDRED FIFTY NINE DOLLARS (\$29,566,959.00). Should this Article be defeated, the Default Budget shall be TWENTY EIGHT MILLION NINE HUNDRED TWENTY NINE THOUSAND EIGHT HUNDRED ELEVEN DOLLARS (\$28,929,811.00) which is the same as last year, with certain adjustments required by previous action of the Goffstown School District or by law. In the event this Article is defeated, the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised Operating Budget only.

*(The School Board recommends this Article.)*

*(The Budget Committee recommends this Article.)*

## SCHOOL BOARD REPORT

*L-R Seated: Scott Gross, Ellen Vermokowitz, Chair, Sara Ann Sarette.  
L-R Standing: Lorry Cloutier, Keith Allard, Marie Morgan, Hannah Szlyk,  
Student Rep. Absent: Ginny McKinnon, Jane Raymond, Philip Pancoast*

## SCHOOL BOARD

### LOOKING BACK TO LOOK FORWARD

This has been a year of significant accomplishment for our school district. Thank you to all the voters who supported our budget, teacher contract and kindergarten project. Your support is greatly appreciated and has contributed to the on-going work taking place to improve student learning.

With your support and the receipt of several grants we have been able to meet the staffing needs, continue the purchase of curriculum materials and continue the development of our school technology. Over the past several years there have been several significant changes as a result of our administration's leadership, staff efforts and Board concerns. A high emphasis is being placed on elementary literacy and numeracy, which extends through the middle school. Our middle school has initiated reading programs in grades 5-8 to support students who are not reading at grade level. In an effort to increase academic rigor we have added several advanced placement courses at the high school and increased graduation requirements in math and science. Our staff has created honors programs for interested students. We have created a highly successful freshman program for students whose reading and numeracy skills need support.

It is evident that our students need and use all offered co-curricular programs from athletics to the arts and drama. With such high interest we have begun to offer athletic teams at our middle school as well. Hundreds of students participate in after school activities and research demonstrates that the more students participate in this kind of activity the more they will succeed in school. Our academic and co-curricular programs must be having a positive effect on our students as our district has a very low drop out rate.

We had planned to start construction of our public kindergarten this past fall. However, three abutters have filed suit against the Town and have temporarily stalled the project. The Board is an interested third party to this action and has done and will continue to do all we can to facilitate an end to the dispute so that your desire for a public kindergarten in Goffstown can be fulfilled with the use of State aid. As of this writing the Board has had discussions with the abutters' attorney, has requested mediation and a court date has been set. The Board must notify the Department of Education of an opening date for the kindergarten program by June 30, 2005 or lose the funding. With the likelihood of required public kindergarten coming in the very near future, it is our sincerest hope that the abutters, the Town, the developer and the School District can come to terms and allow the project to move forward in a timely and cost effective manner. The Board is determined to continue efforts to soundly plan for the long term needs of our educational system. Those needs include the current public kindergarten proposal completion and planning for a future elementary school. To do anything else would not be wise or prudent.

Following some research and at the urging of our Kindergarten Committee members, the School Board and Board of Selectmen have looked into the possibility of using Town owned land for the kindergarten project. This land is known as the "Glen Lake Property" and is located across from the Glen Lake Beach. After reviewing the background of the Town purchase of this parcel, conducting a site walk, test pits, wetland survey and working with our architect and construction manager the School Board and Board of Selectmen have agreed to ask the public through warrant articles to transfer ownership of a portion of the property to the School District for the construction of our kindergarten facility.

Since neither the Tibbetts Hill site nor the Glen Lake site have final clearance to proceed, the School Board will continue to develop plans for both sites until such time as the Board receives the necessary authority to build on one or the other.

I would be remiss if I did not take this opportunity to thank our Administration for their leadership and guidance. Dr. Lockwood has lead our district for six years and during his tenure with us we have seen significant improvements at every school. We are also fortunate to have principals like David Bousquet, Rose Colby, Frank McBride and nationally recognized elementary principal of the year, Marc Boyd. A sincere "thank you" to you all.

Every year your Board members give countless hours in service to our community. This year is no exception. I'd like to extend a special thank you to Board member Scott Gross for his tireless efforts these past several years in bringing out the positive votes for our public kindergarten warrant article. He

also gave his time and talents to the successful renegotiation of our AREA Agreement with Dunbarton and New Boston. He served us all well as our Board Chairman and continues to give his time to help our efforts to resolve the issues with the kindergarten land abutters. It is demanding and tiring work that Scott has given with a warm sense of humor and intelligence.

Jane Raymond continues in her 7<sup>th</sup> year as Curriculum Committee Chairman. She remains steadfast in her determination to continually be reviewing the data to strive for instructional improvements and success for all students. Thank you Jane.

In everything your Board undertakes, there must also be those among you who volunteer your time and talents to help move our efforts forward. Little can be accomplished without people like Kathy Stoyle, Peter Osiecki and Charlie Carr. These three individuals embody the spirit of concerned citizens who are willing to put forth the effort to make a difference. The next time you see them, please join us in saying thank you.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

Two special honors were bestowed on members of the SAU #19 educational communities last school year. The New Boston Central School garnered the title of Elementary School of Excellence during the year 2003 and Maple Avenue Principal Marc Boyd was named 2004 Elementary Principal of the Year. We are all proud of these recognitions. On behalf of the School Administrative Unit #19 School Districts of Dunbarton, Goffstown and New Boston, our Boards of Education, school site administrators, dedicated front line personnel – our teachers – and the ones for whom we work, the children of our towns, I present the following report.

Dunbarton Elementary School's enrollment went from 227 students in June 2003 to 220 students in June 2004. Enrollment increased slightly with 230 students being reported on October 1<sup>st</sup> of the current school year for grades Kindergarten through six.

Student population in Goffstown continues to increase. The population was 2,989 in June 2003 and ended the year in June 2004 at 3,065. October 2004 enrollments leveled off at 3,056 students. However further review will highlight a decrease of nearly 100 students at the middle school and an increase of close to 100 students at the high school.

New Boston Central School had 502 students in June 2003. This number increased somewhat to 508 students by June 2004. October 2004 enrollment continues to show a leveled off elementary enrollment at 508 students.

The SAU's curriculum, assessment, and professional development initiatives are geared toward the mission of *Advancing Student Learning* for all students. Our goal is to align our written, taught and tested curriculum to reinforce

complex learning leading to mastery of standards within and across grade levels. Goffstown High School recently purchased materials and resources for the Language Arts Department. In 2005/06 Language Arts materials will be selected and purchased for grades K-8.

During the 2003/04 year, The New Hampshire Department of Education completed Grade Level Expectations (GLE's) for grades 3-8 and Grade Span Expectations 9-12 in Mathematics, Reading, and Language. These were developed based on The Curriculum Frameworks in each content area. Over the summer, teacher representatives from New Boston, Dunbarton, and Goffstown worked together in grade level teams to help align the new GLE's and refine the SAU curriculum, instruction, and assessment practices to present an integrated approach to learning. Our goal was to create a document that is user friendly and available through technology to all three districts. It is important that we provide our classroom teachers with clear expectations of student learning, the teaching tools to explore the content, and a variety of assessment strategies to gauge the development of each student.

Yearly assessments are administered to students across the grade levels in our districts. Our system relies on a variety of assessments to provide timely and understandable information to those who need it to inform instructional decisions and maximize student success. For the first time, students in grades 3-9 participated in a new computerized testing program from the Northwest Evaluation Association (NWEA). These assessments are electronically administered and scored achievement tests designed to measure growth in student learning for individual students, classrooms, schools, and districts. The tests provide accurate and immediate scores to help teachers plan instructional programs. Additional assessments include Early Literacy Screening (Grade 1), Writing Prompts (Grades 1-9), Everyday Math Assessment (Grade 1-6) and at the high school level Advanced Placement Exams PSAT, SAT, ASVAB, NHEAIP at Grade 10 and common midterms and finals. The Grade Level Expectations will be assessed using the New England Common Assessment Program (NECAP). This program will replace the NHEIAP assessments in the coming school year. In the fall of 2004 the test items were field tested in all SAU 19 Schools.

Special and general educators collaborate on all of these initiatives to *Advance Student Learning* for all students, including those with educational disabilities. Teams of teachers comprised of both special educators and general educators have trained together on NH's new grade level expectations and on different types of assessment used in SAU #19 to document progress. The proportion of students with disabilities to the total student population remains fairly constant at 13.5%, and mirrors the average proportion across the state of New Hampshire. The vast majority of these students are educated within the public school setting, in typical classrooms. Research shows that students who have meaningful access

to the general curriculum, with necessary supports, have more success in school and a better chance of showing adequate yearly progress (AYP) on state testing.

Both in this SAU and in school districts across the state, it has been difficult for students with educational disabilities to meet the standard for AYP on state testing. We are focusing our improvement efforts this year on: maximizing students' access to the general curriculum, providing extra support outside of core academic instruction, explicitly teaching thinking, reading and problem-solving strategies that students can apply to new learning situations, and making appropriate accommodations for students with disabilities - throughout the school year and during standardized testing sessions.

School drop out rates at Goffstown High School are among the lowest in the state. Our college acceptance rate is improving. GHS students are consistently accepted at the colleges of their choice. We have students accepted at Ivy League schools at the same rates as schools of comparable size. Another factor in our profile is that GHS usually has a higher than average St. Paul Summer Program acceptance rate than similar size schools across the state. This past summer nine of our students attended the program and five received superior reports for their work. We were recently informed that nine students at Goffstown High School earned the designation of AP Scholar by the College Board in recognition of their exceptional achievement on the spring 2004 college-level Advanced Placement Program® (AP®) Exams.

Community programs including Cub Scouts, Brownies, Screamin' Eagles Football and Cheerleading Clubs, the newly created 49er's Football Club, Lions Club, Rotary and Tri-Town Soccer, use our facilities. Town recreation programs are active in all of our schools and utilize playing fields as well as gymnasiums and multi-purpose spaces. Self-funded After School Programs exist at each elementary school in the SAU. A new middle school After School Program has been implemented this school year. Summer School literacy and numeracy programs were again offered for all grade levels. An extended year program is also operated annually for students with special needs.

All three of our districts were involved this past year with long range planning. Most notably the AREA Review Committee, comprised of members from the school boards of all three towns worked to develop a revision to the AREA Agreement for students in grades 7 – 12. This agreement went before the voters and was successfully approved in all three school districts extending the relationship for another ten years. The Goffstown Kindergarten Study Committee proved the old adage three times is a charm as they were successful in passing a kindergarten-building project at the 2004 school district voting.

Seven teachers retired from our schools during the 2003-2004 school year. We send best wishes to Cynthia Burns, Janet Coughlin, Rob Lukasiak and Jerre Smith of Goffstown High School, Rene Montplaisir of Mountain View Middle School and Bonnie Bateman and Susan Johonnett of Dunbarton Elementary. Mark Roth completed his career retiring as principal of Goffstown High School

in January of 2004. Mary Reeves, secretary to Rick Matthews at New Boston Central School and Diane Clapp, secretary to Marc Boyd retired after nearly three decades of service to their respective schools.

The summer of 2004 was a very busy time as we completed processing the paperwork to hire 43 new teachers in our three districts. Frank McBride officially took over the reins as Principal of Goffstown High School and Kim McCann replaced him as Assistant Principal on July 1<sup>st</sup>. Adam Osburn became the high school Dean of Students and Mary Claire Barry joined us as the Mountain View Middle School Curriculum Coordinator.

As a result of the No Child Left Behind Act of 2001, New Hampshire Superintendents of Schools are now required to report not only the content certification of their staff, but also the core content area(s) that they teach. If a NH-certified teacher teaches one or two content areas in a departmentalized setting but does not hold certification in the specific content area(s) taught, then they are not considered “highly qualified” to teach these subjects. This is particularly of issue in our middle school grades, where for many years we have hired staff with K-8 certification, and where they teach either a Math/Science or an English/Social Studies combination in grades 5–8. Several of our staff members successfully completed the content area Praxis Exam in their efforts to become highly qualified under the NCLB regulations. Many others are participating in a ‘HOUSSE’ program, which is a self- assessment – self study program that is monitored by principals and the SAU administration.

The 2003-2004 school year brought with it a couple of major initiatives for the school finance function. First, the requirements of the Governmental Accounting Standards Board's Statement #34 (GASB #34) were implemented for the Goffstown School District. GASB #34 is a comprehensive pronouncement effecting financial tracking and reporting for governmental entities. Some of the more notable changes include the capitalization and depreciation of fixed assets, reporting of entity-wide financial statements that consolidate all funds in accordance with generally accepted accounting principals. Since GASB #34 specified compliance dates based on the entity's revenue, the Goffstown School District was the only district required to implement the changes in 2003. Dunbarton School District, New Boston School District and the School Administrative Unit #19 were required to comply in the subsequent year.

The other major financial initiative for this year was the kick-off of an extensive review process to select a replacement software system for the management of the human resources and financial functions. The initial screening incorporated just fewer than 20 systems, which was then reduced to a short list. The next steps include in-depth evaluations of the candidate systems on the short list by support and administrative staff from the various schools within our SAU. A Selection Committee, including representation from each of the School Boards plus other stakeholders, makes final recommendations and the

SAU Board approves the final selection. The selection of a new system will allow the Districts to move from the current DOS based system with its three dial up connections for School access to a Windows based system including Web access. We look forward to taking advantage of the features a new system can provide in the future such as providing employees with access to their wage and benefit information via the Web.

We wish to extend our thanks to several School Board members for their years of service. Members completing Board service during the 2003-2004 year were in Dunbarton – Jeff Trexler and Carl Metzger, in New Boston – Scott Hunter, Alfred Romano and Elaine Tostevin , and in Goffstown – Tammy Schofield and Dorine Olson.

The Goffstown School District began an energy upgrade project, which involves lighting retrofitting and digital control systems for all schools that will essentially pay for itself with energy savings. It is estimated that all the above work will be completed by May 2005. The Dunbarton Elementary School is also involved in a multi-phase heating and energy project.

In terms of athletics, our “Game” field behind the high school was top dressed, slice seeded and fertilized, and through the help of *Field Of Dreams* donations, local sports organizations and a senior class gift (2004 Class) we were able to purchase four sets of bleachers. Our partnership with the Lions Club continues and we are pleased to say that they have dramatically improved the varsity baseball field. We are also in their debt for allowing us to play Junior Varsity Soccer on the field this past fall. We are thankful for the many supporters of athletics, and specifically want to recognize the efforts of individuals and organizations to fund our high school hockey, football, wrestling programs and Mountain View Middle School B-Teams.

As we approach the time of year for deliberative sessions and school district meetings, I extend to all members of our communities, the Boards of Education, the administration, faculty and support staff and our students our collection of best wishes for a safe, joyous and successful 2005.

*Darrell J. Lockwood, Ed.D.*  
*Superintendent of Schools*

# GOFFSTOWN SCHOOL DISTRICT DELIBERATIVE SESSION MINUTES

MONDAY, FEBRUARY 2, 2004

Moderator, Larry Emerton, called the 2004 School District Deliberative Session to order at 7:07 p.m. There were 115 registered voters in attendance out of a total of 9,600 registered voters. Brad Parkhurst and Fred Plett were sworn-in as counters.

Principal Marc Boyd led the audience in the Pledge of Allegiance. The cast from Les Miserables, School Edition, sang the National Anthem, and performed a brief selection from the musical performance, which will be performed at Goffstown Area High School on February 12-14, 2004.

A moment of silence was observed in honor of our service personnel. L. Emerton then introduced the Chair of the School Board, Scott Gross.

Scott Gross introduced Ellen Vermokowitz.

Ellen Vermokowitz: A few years ago the Dream Keepers and the Corner Stone awards were established. The following groups received awards last year during a School Board Meeting:

- For tremendous effort in constructing the back fields – *Field of Dream Volunteers.*
- To the individuals who built the new softball field - Friends of Goffstown Softball, in particular Peter Georgantas and Bruce Rand - *Dream Keeper Award.*

Philip Pancoast: Two Cornerstone Awards were selected this year. The first is given to a team of teachers at MVMS. David Weilbrenner and Rosemary Brennan. They kept a stable curriculum fascinating. They put a new spin on what might be a stale curriculum. The students are excited to come to school everyday. The children are excited. The students and the community are lucky to have David and Rosemary!

The second Cornerstone Award goes to someone who is a product of the Goffstown School system. I had the privilege to work with this individual in the mathematics department. This award is presented to Rob Lukasiak.

Scott Gross announced that another Dream Keeper award was presented to the Building Committee this past year. Scott Gross stated there is one person missing tonight, and that is Ezra Beck. All of us will remember Ezra. He brought a lot to our community. Thank you Ezra!

Mr. Emerton introduced the following School Board members Chairman Scott Gross, Vice Chair Jane Raymond, Ellen Vermokowitz, Keith Allard, Ginny McKinnon, Philip Pancoast, Sara Sarette, and student representative Matt Luby.

Mr. Emerton also introduced Superintendent Dr. Darrell Lockwood. Dr. Lockwood introduced the SAU staff: Assistant Superintendent Kathy Titus; Business Manager Michelle Croteau; Principals Rose Colby, David Bousquet, Marc Boyd, and Frank McBride; Assistant Principal Leslie Doster; Facilities Director Gerry Agate; School District Attorney Ed Kaplin.

Moderator Emerson also introduced Budget Committee Chair John Caprio; Budget Committee School Sub-Committee Chair Al Desruisseaux; School District Clerk Jo Ann Duffy; and Assistant Moderator Fred Plett.

Mr. Emerton reviewed the housekeeping rules regarding written ballots.

**MOTION:** A motion was made by K. Allard and seconded by E. Vermokowitz to dispense with the reading of Articles 2-4 and take them up separately. This was voted unanimously in the affirmative.

### **Article 1**

To choose three members of the School Board for the ensuing three years.

**MOTION:** Jane Raymond moved, seconded by Keith Allard to place Article 1 on the Ballot as presented.

### **Article 2**

Shall the School District raise and appropriate the sum not to exceed \$3,346,001.00 (Three Million Three Hundred Forty-Six Thousand One Dollars) for the construction of a 10 classroom Kindergarten facility, for the payment of furnishings, equipment, architectural and other fees, land acquisition, site development and related incidental and necessary costs for such construction pursuant to the plans and specifications as may be approved by the School Board, copies of which shall be on file with the School Administrative Unit #19 Office in Goffstown, New Hampshire; said appropriation to be funded as follows:

\$ 2,253,030.00 (Two Million Two Hundred Fifty-Three Thousand Thirty Dollars) from Kindergarten Aid, and

\$ 436,769.00 (Four Hundred Thirty-Six Thousand Seven Hundred Sixty-Nine Dollars) from Impact Fees from the Town of Goffstown School Impact Fee Fund, and

up to \$ 400,000.00 (Four Hundred Thousand Dollars) from the unreserved fund balance at June 30, 2004, and

\$ 256,202.00 (Two Hundred Fifty-Six Thousand Two Hundred Two Dollars) to be raised through taxes.

**This appropriation is in addition to Warrant Article 4, the Operating Budget Article.** (Majority vote required.) (The School Board recommends this Article.) (The Budget Committee recommends this Article.)

**MOTION: Ellen Vermokowitz moved, seconded by Sara Sarette to place Article 2 on the Ballot as presented.**

Peter Osiecki and Scott Gross gave a Power Point presentation on the kindergarten proposal. Mr. Osiecki reviewed the following:

- Benefits of public kindergarten.
- What does research say about public kindergarten?
- Why do we need to do something different in Goffstown?
- Benefits of public kindergarten to parents.
- Benefits of public kindergarten to the Goffstown community.
- Why do we need to build a new school?
- Anticipated opening date – September 2005
- Building design.
- Location.
- Estimated Operating Budget Costs.
- Kindergarten Project recommendation.
- Kindergarten in Goffstown.

Scott Gross: The land is a \$1.00 cost, which is part of a subdivision that is going before the Planning Board in February. The developer has worked with the Superintendent and the School Board to make sure this is in compliance. We have had a lot of discussion about traffic on Tibbetts Hill Road. I sent a letter to Chief French and asked, should this vote pass in March for that committee to look at this and remedy it. Suggestions include: police detail, crossing guard or a traffic light. All of this will be under the purview of the Traffic Safety Committee. We do not want to ruin anyone's quality of life. One of the things we realized in our search is, we have looked high and low for suitable land. The Tibbetts Hill property is the best location. Also sent an outreach letter to the folks on Tibbetts Hill and received a few emails and telephone calls. We addressed those issues as well. We offered a meeting for discussing this topic as well, which will be held at MVMS on February 10, 2004.

\$ 256,202 – net appropriation needed to be raised.

\$1,092,971 – total cost of the school.

\$ 436,769 – school impact fee fund to be used.

\$ 400,000 – from the unreserved fund balance at June 30, 2004

Tax impact is 21 cents per thousand. It is a one-time appropriation.

Operating Costs:

Director

Nurse

Six teachers

Custodian

3-4 Aids

Utilities, Fuel and Supplies

Estimate operating costs will be between \$600,000 and \$700,000 before state aid. NH State Aid will provide between \$320,000 and \$400,000 towards operating costs. Estimated net impact is \$200,000 to \$380,000.

Ken Rose: How soon would the operating portion kick in? What is the anticipated length of time for construction?

S. Gross: We anticipate the school will open September 2005. Operating expenses will be in the 2005 budget.

Linda Rose: How many years would it be before it becomes an elementary school?

S. Gross: The School Board has it on the CIP matrix for 2006. This would be dependent on the need. This would have to come before the voters again for an addition.

Tricia Wynne: What is the tax impact on the operating budget?

S. Gross: About 35 cents per thousand based upon the current evaluation.

T. Wynne: How much will be left in the unreserved fund?

S. Gross: \$600,000, which will go back to the taxpayers.

T. Wynne: What is the estimated cost of the expansion for an elementary school?

S. Gross: I don't know.

T. Wynne: If you expand the school, would you expand up or out?

Frank Marinese, Architect: There is nothing cheaper than building a one story, but you have to add to a one story if you are going to add up. If you add up, you are building on top of a building occupied by students, which is not a great idea. You have to compress the construction time to a short period. We would plan for adding a one-story addition.

S. Gross: Kindergarten space has to be on the first floor. The architects do have the footprint for the addition. This would be premature to discuss at this point. The building needs to be designed for an addition.

Linda Rose: When you make this an elementary school, are you considering moving some of the kindergartens into the other elementary schools?

S. Gross: The School Board has not addressed this. In terms of our Master Plan, it did talk about community schools. This location is in the fastest growing part of our community.

George Curran: Can you tell us about the bus transportation?

S. Gross: We will provide morning buses for the AM kindergarten. At the start of the afternoon session, the parent would drop them off and there would be

bus transportation home in the afternoon. There would be 100 students in the morning and 100 in the afternoon.

Voice vote – majority in the affirmative.

ARTICLE 2 WILL APPEAR ON THE BALLOT AS PRESENTED

### Article 3

**Shall the voters of Goffstown School District adopt the modifications to the AREA Agreement as recommended by AREA School Plan Review Board and approved for submission to the voters by the New Hampshire State Board of Education on January 21, 2004. A copy of the AREA Agreement shall be on file with the School Administration Unit #19 Office in Goffstown, New Hampshire (Majority vote required.) (The School Board recommends this Article.)**

**MOTION: Philip Pancoast moved, seconded by Scott Gross to place Article 3 on the Ballot as presented.**

P. Pancoast: The current agreement is highlighted in the pink handout. AREA stands for Authorized Regional Enrollment Area. This deals with the acceptance of students from New Boston and Dunbarton. The last AREA agreement was crafted in 1971. We have spent the last two years reaching an amended agreement. This codifies and memorializes what has been occurring in the district. It captures more capital costs. Two things that will significantly impact the capital costs recovery are, there will be an appraisal of the value of the high school and the middle school. The valuation that was conducted last year significantly increased the tuition. This will also increase the rental rate from 2%-2.5%. When you look at the cost of financing the capital improvements, it would be fair to say that we will recoup that fee from those communities. It also continues when the bond payment is over.

It also addresses special education costs that should be borne by the sending units for their students. This will be on the ballot in New Boston and at the Town Meeting in Dunbarton in March. The State Department of Education has approved this agreement unanimously.

Pam Manney: Is this a revenue article?

P. Pancoast: No, it is not.

P. Manney: What happens if this article doesn't pass?

P. Pancoast: We revert to the existing agreement and would collect less money.

P. Manney: We would receive less tuition and rental money?

S. Gross: We would receive exactly what we are getting now. The incentive for Goffstown is we are going to get increased capital costs. Dunbarton and New Boston have an incentive as well. Should this not pass in all three towns, we may need to withdraw. In that case, we go down some un-chartered waters. They are scheduled to sunset in 2008.

P. Manney: I watched your TV show today. You discussed the School Board participation. New Boston and Dunbarton School Board members would not have a vote on Goffstown School matters. Page 5 of this document says New Boston and Dunbarton are invited to participate on all committees pertaining to grades 7-12. You don't mention whether they have a vote.

P. Pancoast: The Goffstown School Board has votes of approval as to whether to accept recommendation of each of the committees.

P. Manney: In this document, it doesn't state where they could come to a School Board meeting and don't have a vote; they would be considered a guest.

P. Pancoast: That is correct.

P. Manney: I wondered why it was not written down in this document.

P. Pancoast: I don't think it was necessary. To have language in there to say sorry you don't have a vote, would be to take something away from them that they do not have in the first place.

Al Desruisseaux: I didn't see anything addressing the skill center. Is this part of the tuition or is it separate?

P. Pancoast: It is part of the tuition calculation. The duration of the agreement is for ten years. The process for removing yourselves from an AREA agreement is provided by statute.

Bob Wheeler questioned the rental charges.

S. Gross: All three communities have an even playing field. We looked at our capital costs. We looked at those communities paying a proportionate fair for GAHS and MVMS. We have 7-8 years left on the MVMS bond. The 2.5% figure paid for a lot of the capital costs and beyond. There are two major reasons why this partnership works well. They do not have the ability to build a high school. But we need them as well. These two towns bring in quite a bit of revenue, which offsets our tax rate.

Voted unanimously in the affirmative.

ARTICLE 3 WILL APPEAR ON THE BALLOT AS PRESENTED.

#### Article 4

**Shall the Goffstown School District raise and appropriate as an Operating Budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the**

budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein totaling \$27,135,334.00 (Twenty-Seven Million One Hundred Thirty-Five Thousand Three Hundred Thirty-Four Dollars). Should this Article be defeated, the Operating Budget shall be \$26,436,328.00 (Twenty-Six Million Four Hundred Thirty-Six Thousand Three Hundred Twenty-Eight Dollars) which is the same as last year, with certain adjustments required by previous action of the Goffstown School District or by law. In the event this Article is defeated, the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised Operating Budget only. (The School Board recommends \$27,135,334.00 (Twenty-Seven Million One Hundred Thirty-Five Thousand Three Hundred Thirty-

Four Dollars) as the Operating Budget.) (The Budget Committee recommends this article.)

**MOTION:** Scott Gross moved, seconded by Jane Raymond to place Article 4 on the Ballot as presented.

Scott Gross gave a Power Point presentation regarding the budget development goals.

- Continue development of program for increased graduation credits at GAHS.
- Curriculum cycle implementation.
- Focus on teaching and learning.
- Provide budget for all existing programs.
- Maintain or improve upon existing programs.
- Continue building maintenance.
- Continue staggered furniture replacement.
- Present a realistic request to the community.
- Continue long range planning for school facilities

Pam Manney: What is the tax impact of the budget?

S. Gross: It is \$1.28 per thousand for the budget, including kindergarten it is \$1.49 per thousand. This year we saw a reduction in our state aid.

Pam Manney: If Article 3 does not pass, would that increase our taxes as well?

S. Gross: No. It is not included in the revenue section.

Mark Campbell: With no contract, is there a stipulation in the budget to cover the steps or cost of living increases for the teachers?

S. Gross: There is no carry-over in terms of getting their steps.

J. Raymond: Everything is frozen as it stands.

S. Gross: There has been a lot of discussion regarding co-curricular items. This represents less than 2% of our total school budget.

Kurt Lauer: Regarding the upkeep of grounds, I hope you are not being shortsighted in order to keep these fields in tip-top shape. District meeting line was increased. Other support student services also increased. Please clarify.

S. Gross: We had discussions with the Town Administrator and Town Clerk about additional voting machines. There is one additional voting machine included in the school budget and one additional in the town budget. Many people waited on long lines last year. We felt this would streamline the process. We are reorganizing some of the administration in our schools. We had curriculum coordinators. We are now making them more active in each individual school. Kurt Lauer spent a great deal of time with the kindergarten project. I want to recognize his efforts.

ARTICLE 4 WILL APPEAR ON THE BALLOT AS PRESENTED.

**MOTION:** P. Georgantas moved, seconded by J. Caprio to adjourn the 2004 Goffstown School District meeting at 8:53 p.m. So voted.

Respectfully submitted,  
Jo Ann Duffy  
Goffstown School District Clerk

# GOFFSTOWN SCHOOL DISTRICT ELECTION RESULTS

## ARTICLE 1

To choose all School District officers for the ensuing years:

To choose three members of the School Board for the ensuing three years.

Lorry D. Cloutier	2521
Scott Gross	2581
Ellen Vermokowitz	2554

## ARTICLE 2

Shall the School District raise and appropriate the sum not to exceed \$3,346,001.00 (Three Million Three Hundred Forty-Six

Thousand One Dollars) for the construction of a 10 classroom Kindergarten facility, for the payment of furnishings, equipment, architectural and other fees, land acquisition, site development and related incidental and necessary costs for such construction pursuant to the plans and specifications as may be approved by the School Board, copies of which shall be on file with the School Administrative Unit #19 Office in Goffstown, New Hampshire; said appropriation to be funded as follows:

\$2,253,030.00 (Two Million Two Hundred Fifty-Three Thousand Thirty Dollars) from Kindergarten Aid, and

\$ 436,769.00 (Four Hundred Thirty-Six Thousand Seven Hundred Sixty-Nine Dollars) from Impact Fees from the Town of Goffstown School Impact Fee Fund, and

up to \$ 400,000.00 (Four Hundred Thousand Dollars) from the unreserved fund balance at June 30, 2004, and

\$ 256,202.00 (Two Hundred Fifty-Six Thousand Two Hundred Two Dollars) to be raised through taxes.

This appropriation is in addition to Warrant Article 4, the Operating Budget Article. (Majority vote required.) (The School Board recommends this Article.) (The Budget Committee recommends this Article.)

Yes 2,308    No 1,664

## ARTICLE 3

Shall the voters of Goffstown School District adopt the modifications to the AREA Agreement as recommended by AREA School Plan Review Board and approved for submission to the voters by the New Hampshire State Board of Education on January 21, 2004. A copy of the AREA Agreement shall be on file with the School Administration Unit #19 Office in Goffstown, New Hampshire (Majority vote required.) (The School Board recommends this Article.)

Yes 2,678    No 1,116

## ARTICLE 4

Shall the Goffstown School District raise and appropriate as an Operating Budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set

forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein totaling \$27,135,334.00 (Twenty-Seven Million One Hundred Thirty-Five Thousand Three Hundred Thirty-Four Dollars). Should this Article be defeated, the Operating Budget shall be \$26,436,328.00 (Twenty-Six Million Four Hundred Thirty-Six Thousand Three Hundred Twenty-Eight Dollars), which is the same as last year, with certain adjustments required by previous action of the Goffstown School District or by law. In the event this Article is defeated, the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised Operating Budget only. (The School Board recommends \$27,135,334.00 (Twenty-Seven Million One Hundred Thirty-Five Thousand Three Hundred Thirty-Four Dollars) as the Operating Budget). (The Budget Committee recommends this article.)

**Yes 2,251    No 1,652**

Jo Ann Duffy  
School District Clerk

# GOFFSTOWN SCHOOL DISTRICT DELIBERATIVE SESSION

MONDAY, AUGUST 16, 2004

Moderator, Larry Emerton, called the 2004 Special School District Deliberative Session to order at 7:03 p.m. Approximately 14 members of the public were present. Fred Plett was sworn-in as a counter.

**PRESENT:** School Board members: Scott Gross (Chair), Ellen Vermokowitz, Ginny McKinnon, Marie Morgan, Keith Allard; Superintendent Darrell Lockwood; Moderator Larry Emerton; Assistant Moderator Fred Plett; and School District Clerk Jo Ann Duffy.

## ARTICLE 1

Shall the School District vote to approve the cost items included in the Collective Bargaining Agreement reached between the Goffstown School Board and the Goffstown Education Association, which calls for the following increases in salaries and benefits:

Year	Estimated Increase
2004-2005	\$373,509
2005-2006	\$519,893
2006-2007	\$546,827

and further to raise and appropriate the sum of THREE HUNDRED SEVENTY THREE THOUSAND FIVE HUNDRED NINE DOLLARS (\$373,509.00) for the 2004-2005 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. This appropriation is in addition to the Operating Budget voted and approved March 2004. (The School Board recommends this article.) (The Budget Committee recommends this article.)

**MOTION:** Scott Gross moved Article 1 and read the Article into the record. Seconded by Ellen Vermokowitz.

Pam Manney: I would like to know the starting pay for a new teacher?

S. Gross: Step one BA is \$27,577.

P. Manney: Was this a unanimous vote from the Budget Committee?

S. Gross: Yes.

S. Gross: This process started well over one year ago. We entered into negotiations with the Goffstown Association. We came to an impasse and went into Fact Finding. Both the School Board and the teacher's union agreed to accept the Fact Finders report, which brought us to this process. The reason we

are here tonight, and not waiting until March, is we think this is a good opportunity to ratify this contract earlier in order to try and attract good teachers.

There were no questions from the public.

Moderator Emerton directed the Clerk to place Article 1 as printed on the warrant. The meeting was declared adjourned at 7:10 p.m.

Respectfully submitted,  
Jo Ann Duffy  
Goffstown School District Clerk

## **GOFFSTOWN SCHOOL DISTRICT 2004 WARRANT**

### **Special School Deliberative Ballot Determination Meeting August 16, 2004 The State of New Hampshire**

To the Inhabitants of the School District in the Town of Goffstown qualified to vote in District affairs:

**You are hereby notified to meet on Monday, the sixteenth day of August 2004, in the Dr. Craig Hieber Auditorium at Goffstown High School, at 7:00 P.M. for the first session of the Special School District Meeting, also known as the first Special Deliberative Session, to act on the following subject and determine matters which will then be voted upon by the official ballot on Tuesday, September 14, 2004.**

**You are further notified to meet on Tuesday, the fourteenth day of September, 2004, also known as the second session, to vote on all matters by official ballot. The polls are open on September 14, 2004, at 7:00 A.M. and close at 7:00 P.M. at the Central polling district at the Goffstown High School and will open at 7:00 A.M. and close at 7:00 P.M. in the Fifth District at the Bartlett Elementary School.**

#### **ARTICLE 1**

**Shall the School District vote to approve the cost items included in the Collective Bargaining Agreement reached between the Goffstown School Board and the Goffstown Education Association, which calls for the following increases in salaries and benefits:**

Year	Estimated Increase
2004-2005	\$373,509
2005-2006	\$519,893
2006-2007	\$546,827

and further to raise and appropriate the sum of THREE HUNDRED SEVENTY THREE THOUSAND FIVE HUNDRED NINE DOLLARS (\$373,509.00) for the 2004-2005 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. This appropriation is in addition to the Operating Budget voted and approved March 2004. (The School Board recommends this article.) (The Budget Committee recommends this article.)

## GOFFSTOWN SCHOOL DISTRICT 2005 WARRANT

SCHOOL DELIBERATIVE BALLOT DETERMINATION MEETING

FEBRUARY 7, 2005

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Goffstown qualified to vote in District affairs:

**You are hereby notified to meet on Monday, the seventh day of February 2005, in the Dr. Craig Hieber Auditorium at Goffstown High School, at 7:00 P.M. for the first session of the School District Meeting, also known as the first Deliberative Session, to act on the following subject and determine matters which will then be voted upon by the official ballot on Tuesday, March 8, 2005.**

**You are further notified to meet on Tuesday, the eighth day of March, 2005, also known as the second session, to vote on all matters by official ballot. The polls are open on March 8, 2005, at 7:00 A.M. and close at 7:00 P.M. at the Central polling district at the Goffstown High School and will open at 7:00 A.M. and close at 7:00 P.M. in the Fifth District at the Bartlett Elementary School.**

### ARTICLE 1

**To choose all School District officers for the ensuing years:**

To choose three members of the School Board for the ensuing three years.

### ARTICLE 2

**Shall the School District raise and appropriate the sum not to exceed ONE HUNDRED EIGHTY-SEVEN THOUSAND FIVE HUNDRED DOLLARS (\$187,500.00) for the payment of architectural, construction, and other fees and related incidental and necessary costs for the purpose of expanding parking and field facilities for the Goffstown High School; said appropriation to be funded as follows:**

**\$187,500.00, (One Hundred Eighty-Seven Thousand Five Hundred Dollars) from existing Town of Goffstown School Impact Fee Funds**

- 0 - (Zero Dollars) to be raised through taxes.

This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.) (The School Board recommends this Article.) (The Budget Committee recommends this Article.)

## ARTICLE 3

Shall the School District raise and appropriate the sum not to exceed TWENTY-FIVE THOUSAND DOLLARS (\$25,000.00) for the payment of architectural and other fees and related incidental and necessary costs for the purpose of a study of the Bartlett Elementary School facility. This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.) (The School Board recommends this Article.) (The Budget Committee recommends this Article.)

## ARTICLE 4

Shall the School District create a capital reserve fund under the provisions of RSA 35:1, to be known as the Bartlett Elementary School Facilities Fund, for the purpose of funding improvements to the school facility. Furthermore, to fund this trust fund from the year end undesignated fund balance available on July 1 of 2005, with an amount not to exceed THREE HUNDRED THOUSAND DOLLARS (\$300,000.00); or to take any other action in relation thereto. This appropriation is in addition to Warrant Article #6, the Operating Budget Article. (Majority vote required.) (The School Board recommends this Article.) (The Budget Committee recommends this Article.)

## ARTICLE 5

Shall the school board be authorized to accept on behalf of the district, and for its benefit, without further action by the voters, gifts, legacies and devises of real or personal property, which may become available to the district during the fiscal year (Majority vote required). (The School Board recommends this Article.)

## ARTICLE 6

Shall the Goffstown School District raise and appropriate as an Operating Budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes

set forth therein totaling TWENTY NINE MILLION FIVE HUNDRED SIXTY SIX THOUSAND NINE HUNDRED FIFTY NINE DOLLARS (\$29,566,959.00). Should this Article be defeated, the Default Budget shall be TWENTY EIGHT MILLION NINE HUNDRED TWENTY NINE THOUSAND EIGHT HUNDRED ELEVEN DOLLARS (\$28,929,811.00) which is the same as last year, with certain adjustments required by previous action of the Goffstown School District or by law. In the event this Article is defeated, the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised Operating Budget only. (The School Board recommends this Article) (The Budget Committee recommends this Article.)

mheath@mhac.com

To the School Committee  
Goffstown School District

We have audited the basic financial statements of the Goffstown School District, as of and for the year ended June 30, 2004, and have issued our report thereon dated August 12, 2004. As part of our audit, we made a study and evaluation of the District's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purposes of such evaluations are to establish a basis for reliance on the system of internal accounting control in determining the nature, timing, and extent of other auditing procedures that are necessary for expressing an opinion on the basic financial statements.

The management of the Goffstown School District is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by them are required to assess the expected benefits and related costs of control procedures. The objectives of such a system are to provide reasonable but not absolute assurance that assets are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with required authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may still occur without being detected. Also, projection of any evaluation of the system to future periods is subject to the risks that procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation was not designed for the purpose of expressing an opinion on the internal accounting control and would not necessarily disclose all weaknesses in the system. However, as a result of our study and evaluation, and in an effort to be of assistance to the District, we are submitting for your consideration comments and recommendations intended to improve operations and internal accounting control.

After you have had an opportunity to consider our comments and recommendations, we would be pleased to discuss them with you.

*Melanson, Heath & Company P.C.*

Nashua, New Hampshire  
August 12, 2004

**CURRENT YEAR ISSUES:****1. Follow Policies and Procedures Manual**

Although the District has a policies and procedures manual, it is not being followed in the following areas:

- Student activity funds should be using a 3-part receipt transaction form. The first part is to be given to the activity advisor for receipt verification. The second part is to be attached to bank deposit documents. The third part is for the bookkeeper, who files it within the activities folder.
- All checks issued should be created by a person other than the person signing the check.

We recommend the District enforce the aforementioned policies which currently exist in the policies and procedures manual. This will ensure strong internal controls that will help prevent or discover errors or irregularities.

**District's Response:**

Although the procedure is different, we strive to maintain the integrity of the process. For example, at the High School receipts are no longer confirmed via a three-part form. However, we believe the current process achieves the same intent with respect to checks and balances as the process utilizing a three part form. The current process is as follows. (1) An Advisor completes a deposit notice and delivers the funds with the deposit notice to the School Secretary. (2) The School Secretary completes a pre-numbered receipt form which creates a carbon entry on a ledger at the same time. The receipt form is given to the Advisor and the ledger is retained by the School Secretary. (3) The receipt number is then written on the deposit notice. We believe this process provides adequate controls for funds received at the High School.

The process for signing checks is different among the Schools. In some cases the issuer is not an authorized signer and in other cases the issuer can sign.

The processes for both receipts and check signing at each of the Schools will be reviewed to confirm that compensating controls are in place and where feasible to create consistency among the Schools.

## 2. Consider Updating the Policies and Procedures Manual

The District's policies and procedures manual does not address the following issues:

- Personnel that administer the student store should maintain a log that compares actual inventory on hand from the beginning of the day to the end of the day. The difference in inventory should then be reconciled to cash collected. This log should then be signed by the activity advisor and turned over to the bookkeeper for filing within the activity's folder. This will provide improved documentation and control over inventory.
- Each field trip should be documented on a form that details the purpose of the trip, number of students, associated costs and per student cost. This document should be approved by the School's principal prior to collecting money for the trip. This will provide improved documentation and control over field trip costs and receipts.

We recommend the District update the policies and procedures manual to address these issues. This will help assure the proper oversight, and should reduce the risk of errors or irregularities occurring and going undetected.

### District's Response:

#### District's Response:

Although each School currently has a process for student store inventory and field trips, Administration will review the procedures in light of these recommendations and make appropriate refinements to the procedures.

## PRINCIPALS' REPORT

### BARTLETT ELEMENTARY SCHOOL

**David A. Bousquet, Principal**

Educator Jacques Barzun stated, "In teaching you cannot see the fruit of a day's work. It is invisible and remains so, maybe for twenty years." At Bartlett Elementary School we believe in the need to develop a good foundation for learning, which will carry each student throughout school and into their adult years. Therefore, advancing student learning continues to be the goal and focus at Bartlett Elementary School. We have been implementing the Literacy Collaborative initiative through Lesley University during the last four years. The Literacy Collaborative helps schools develop early literacy skills through intensive professional development that promotes effective reading and writing instruction. This year each teacher completed 20 hours of professional development in literacy instruction. As part of our focus on literacy, Bartlett students were honored to have children's author, Mary Lyn Ray visit the school in April.

We have continued implementing the Everyday Math program to help provide well-balanced instruction in mathematics. Everyday Math is a comprehensive program based on the belief that students learn best through repeated exposure to concepts and hands-on investigative activities. The program focuses on developing greater mathematical competence and problem-solving ability.

Each day, Bartlett Elementary School staff and students are involved in the daily instruction and assessment of student learning. Assessment tools include the NHEIAP, NWEA, writing prompts, running records in reading and the Terra Nova. This fall our third and fourth grade classes also piloted the NECAP, a statewide assessment that was developed in a joint venture with Rhode Island and Vermont. These assessments, along with our literacy and numeracy folders, provide a broad view of student learning over time. To date, we have seen major growth in the areas of reading and mathematics. We will continue to focus on writing, an area of difficulty for many students.

PBIS has come to Bartlett in 2004! This school-wide program focuses on behavioral issues in the school environment. Bartlett students and staff have chosen to focus on the areas of respect, responsibility and safety. Behavioral expectations were developed for each area of the building. These expectations are explained and modeled to the students. Children who are "caught" using these targeted behaviors are recognized with a special PBIS sticker. The school will continue its ongoing focus on positive behavioral expectations of all students and will also focus on students who are at-risk or have chronic discipline problems.

Throughout the year, our partnership with St. Anselm College has grown in many ways. Bartlett has provided the opportunity for many of the college's students to complete course requirements such as observations, internships and service learning. Many students and staff from St. Anselm College have served

as Big Brothers or Big Sisters to our students. St. Anselm College has provided us with classroom space for professional development activities. The Digital Divide initiative, which uses technological instruction to create a bond among college students, elementary students and senior citizens, continues. The list goes on and on. We appreciate everything that St. Anselm College does for Bartlett Elementary School. They are always there when we need them.

Bartlett Elementary School opened in September 2004 with 258 students and several additions to our staff. We were very excited to have the following staff members join us this year:

*Preschool* - Jen Guillemette, Nicole Richard, Debra Perron- Assistant.

*Special Ed. Assistant* - Debra Miller, Karen Blunden, Alicia Carrier,  
Judith Lavoie

*Classroom Paraprofessional* - Judy Evans, Barbara Hammond

*ELL Tutor*- Wendy Guevin,

*Physical Ed.*- Sean Johnson

*Information Center Asst.*- Stacey Chauvette

This fall, Bartlett Elementary School once again received a Blue Ribbon Award. The Partners in Education presents this award to schools that demonstrate outstanding volunteer programs. Special thanks go to everyone who volunteers at Bartlett and to our volunteer coordinator, Lisa Lambert, for her time and effort.

The breakfast program continued to be strong this year. Bartlett began offering breakfast to our students in November 2003 and the number of students who participate in this program continues to grow. About 60 students are served breakfast each morning. Special thanks go to Cheryl Nault for making such a delicious breakfast each day.

Throughout the year, many events and programs take place at Bartlett Elementary School in order to provide a well-rounded education to our students. Some of these programs include monthly All-School Meetings, Lunch With the Principal, School Spirit Days, McDonald's Student of the Month, Grandparents' Lunch, Red Ribbon Week, Kids Voting, Martin Luther King Celebration, Dr. Seuss' Birthday, a Memorial Day Program, Project Night, and Bartlett Bash. To help our fourth graders with their transition to middle school, our annual Fourth Grade Farewell was held for the first time at Mountain View Middle School.

I would like to thank everyone who has worked so hard to help us provide an excellent learning community for our students. If you have any questions, please contact us at 623-8088.

## MAPLE AVENUE ELEMENTARY SCHOOL

**Marc Boyd, Principal**

The 2003-2004 academic year was devoted to the advancement of literacy instruction (the instruction of reading and writing) at the school. We have always believed that a child learns to read in the primary grades (first through third) and reads to learn from that point on (fourth through twelfth). It is essential that we provide the foundation, if not the "house", for our students in the area of literacy, if they are to be successful in school and in life.

Members of the Maple Avenue Elementary School Literacy Committee represented the school at the Lesley University Literacy Collaborative. The committee members spent time at Lesley University learning about effective approaches in the instruction of reading and writing. The information learned continues to be shared with the staff through professional development opportunities and workshops.

Our school-wide literacy initiative is an on-going process to effectively instruct Language Arts and Reading through the Literacy Collaborative at the primary level and the district's Balanced Literacy Program at the intermediate level. It is our hope to have the entire school involved in the Literacy Collaborative by the 2005/2006 academic year.

In terms of mathematics, at the intermediate level the teachers worked with a math consultant funded by a Walker Grant, to develop their knowledge and skills of the standards in the instruction of math utilizing the Everyday Math Program. The primary level staff will continue the process during the 2004/2005 academic year. As always, we are committed to assure that our students have an educational experience that meets their academic and emotional needs while involving their family and community at every level.

The close of this year brought the retirement of Diane Clapp who had been the school secretary for 33 years, which could bring one to the assumption that she had been actively involved with the education of three generations. She was clearly an institution at the school and I would think that many who are reading this report have fond memories of her as their or their child's school secretary. We all wish her the best of luck in retirement.

I was extremely fortunate to be acknowledged as the 2004 Elementary School Principal of the year for the state of New Hampshire and one of sixty Elementary School Principals to be identified as a National Distinguished Principal in the country. While the awards identify Marc Boyd they are really a testimony to the Maple Avenue Elementary School and the Goffstown School District. Your children are being educated at a school and in a community that value them and work extremely hard to assure their emotional, physical and academic needs are successfully met. The staff, parents/guardians are working collaboratively through the Parent and Faculty Together Organization and individually to make Maple Avenue Elementary School a mecca (or a "Mecca of Learning and Understanding") of learning and understanding for the children. I am blessed to be the Principal.

## **MOUNTAIN VIEW MIDDLE SCHOOL**

**Rose LaRochelle-Colby, Principal**

Building a positive culture and climate is a goal that the Mountain View Middle School community has developed over the past year. By introducing Project Wisdom and continuing Project Second Step, students and teachers have engaged in many conversations leading to a deeper understanding of respect for self, others and the environment in the lives of our middle level students. A contributing factor to our success has been the role of our parents' organization, Mountain View Partnership, in supporting our many efforts. Over 150 parents participated this year in the First Day program at M.V.M.S. to welcome our 986 students (800 from Goffstown, 134 from New Boston and 52 from Dunbarton). Through this program, our newsletter, website and weekly notices customized for individual grade levels, we are able to more effectively communicate with parents and students.

This year we welcomed Ms. MaryClaire Barry as our full time Curriculum Coordinator. Work continues in the development of the Language Arts curriculum resource adoption and EveryDay Math program. Many of our teachers are sharing their ideas and activities as they meet the federally mandated Highly Qualified Teacher status. Our staff is also studying a comprehensive district wide assessment program to monitor student growth over time in the areas of Reading, Language Usage, and Mathematics, while they continue to work closely with Goffstown High School in the development of content area curriculum that is sequential and meaningful to the middle level learner.

Mountain View Middle School celebrates the month of the adolescent in October by celebrating the artistic, creative and academic achievement of our students. Students and staff enjoyed a quiz bowl in each curriculum content area and the weekly art and poetry contests during the month. Thanksgiving brought us the second annual Turkey Trot. It was quite a sight to see over eight hundred students, teachers and parents run or walk the two-mile course.

Our sports programs continue to flourish with students participating in A level and B level teams throughout the year. We are pleased to now offer an After School Program supported by grants and non-profit organizations. This unique opportunity offers students the opportunity to attend Homework Helpspace and participate in many physical and recreational activities under the supervision of caring adults until 6:00 PM daily. As we continue to develop our commitment to middle level education, Mountain View Middle School will continue to strive for excellence in meeting the needs of our students in a culture of respect for self, for others and for the school environment.

## GOFFSTOWN HIGH SCHOOL

**FRANCIS J. MCBRIDE, PRINCIPAL**

Goffstown High School is an exciting place to be. Again this year, we have a wonderfully talented group of staff members who are committed to the educational, social and emotional well being of all students while keeping our school climate and culture of regard and respect at the forefront.

We remain focused on the rigorous instruction of all students, in all classes and on the collaboration of expectations around curriculum and assessment. As we continue to develop our educational programs in the 2004-2005 school year we will be focusing on:

Development of adult education/GED/enrichment programs

Transition between middle school and high school

Assured learning experiences and consistency across our curriculum

Communication with parents

Integration of technology into the curriculum

Continuation of our work through Brown University (Breaking Ranks)

We have implemented an updated program of studies this year that includes a number of new course offerings in science, business and computer technology. We are offering ten "Running Start" courses that enable students to receive credit at the New Hampshire Community Technical College, as well as high school credit. We currently offer seven advanced placement courses in science, math, social studies and English.

Goffstown High School began the implementation of NWEA testing this fall. All 9<sup>th</sup> grade students completed these local assessments that are electronically administered and scored in both the fall and spring of the 2004-2005 school year. The goal next year is to expand this testing to include our 10<sup>th</sup> grade students. It is our belief that the NWEA testing data will allow us to make more informed, effective decisions regarding our curriculum and instruction leading to improved student learning.

Goffstown High School believes that co-curricular activities are an integral part of our mission to educate the whole child (mind and body) and that involved students are successful students. The high school has many active, successful athletic teams as well as student groups, organizations and clubs that include student government, community service and intramurals.

An active Parent Council meets with the Principal on a monthly basis to discuss issues and concerns as well as give input into the development and evaluation of school programs. The Principal meets with "Everyday Heroes", students recognized for doing "a good job." This group shares their thoughts regarding their perceptions of the school's strengths and weaknesses and discusses possible solutions. We continue to work diligently on enhancing the educational experience for all students who walk through our doors.

# SOLID WASTE AND RECYCLING PROGRAM

## **CURBSIDE PROGRAM:**

- GLASS should be rinsed clean. Clear, brown and green glass is accepted.
- ALUMINUM, TIN and STEEL CANS should be rinsed clean.
- PLASTIC should be rinsed clean. #1 through #7 plastic is accepted. Containers and bags must be clearly marked with the number and recycling symbol.
